## OVERVIEW

---

New demonstration model offered with a full three year factory warranty—contact us for the most competitive pricing. This Flybridge Motor Yacht exemplifies the newest PRESTIGE language, its hull stretched with an elegant band of windows that pours light into every living space. The smart L shaped cockpit makes the most of the deck, transforming smoothly into a broad aft sunpad and, when required, accepting a fully appointed skipper's cabin, while a contemporary aft galley opens directly to the oversized swim platform to create a natural flow for alfresco dining and socializing. Above, the expansive flybridge invites languid days and commanding vistas, delivering the refined character of a Luxury Motor Yacht with the comfortable practicality of a premium Flybridge Cruiser.

Interior volume and comfort have been carefully elevated throughout. The arrangement has been thoughtfully refined to enhance livability and storage, marrying the signature perspectives of Garroni Design and JP Concepts with contemporary ergonomics and sophisticated finishes. This PRESTIGE Flybridge satisfies the exacting standards of today's Motor Yacht buyers, offering the composure, capability, and elegance that discerning owners expect.

The vessel is equipped with a considered selection of factory options that broaden functionality and on board comfort: navigation is bolstered by a Garmin Fantom 18x radar paired with a full US flybridge electronics pack; docking is simplified by an anchoring kit, mooring kit, and stern cross cleats; safety is improved with automatic fire suppression. Useful additions include bottom paint, a bow thruster, central vacuum, a deck searchlight with LED spots, exterior window curtains, and a complete set of flybridge hardtop covers. Entertaining is effortless with a 230V flybridge galley, a 115V/60Hz icemaker, an installed TV with a full 115V pre fit, and a convertible luxury saloon table. Outdoor living is enhanced by a hydraulic swim platform, an

electric cockpit sun awning, blue underwater lights, and Glacier tone bow sunpad cover with matching Glacier cockpit and flybridge cushions beneath a Glacier flybridge hardtop. Inside, brushed light oak hardwood floors harmonize with the Wenge tonal scheme and Marlin Weiss upholstery for a refined, contemporary ambiance.

Performance is delivered by twin Volvo Penta IPS600 D6 pod drives (2 x 324 kW/440 hp), with supplementary cockpit engine controls for precise handling. Rounding out the specification are the B&W 115V package, North American Fly package, upgraded tropical spec US air conditioning, and all systems arranged for turnkey cruising. A poised, modern Flybridge Yacht with Express Cruiser versatility, this PRESTIGE makes an elegant statement on the water, offering space, luxury, and effortless handling.
