OVERVIEW

De Antonio D50 Open — 2024, Light Grey Hull

A striking, athletic 14.5 m open motor yacht conceived as a day cruiser, where high-speed capability meets effortless entertaining. Propelled by twin 600 hp Mercury Verado V12s, she launches to a top speed of 46 knots and cruises with assured composure between 35 and 38 knots. The intelligent two-cabin, one-head layout pairs a generous U-shaped aft lounge with a secluded forward double, while a fully appointed outdoor galley and a hydraulic XL swim platform extend convivial life on deck. The onboard suite combines Simrad navigation, autopilot, FLIR thermal vision and Fusion premium audio with refined trim and joystick control for precise handling. Lying in Dénia, Spain, with just 250 engine hours, this polished sports yacht is equally at home as a performance cruiser, open yacht and Mediterranean weekender.

DETAILED DESCRIPTION

Mechanical / propulsion

Driven by two Mercury Verado V12 600 engines, this yacht surges to a maximum speed of 46 kn with only 250 h on the powerplants. A generous 1,500 L fuel tank and 340 L freshwater capacity, paired with an 11,000 kg displacement, deliver long-legged, confident cruising. Precision handling comes as standard with a bow thruster, the Active Trim System and Dynamic Trim (Zipwake) working in concert, while Skyhook (position hold) keeps you precisely on station at the touch of a button. Offshore autonomy is assured by a 7 kW generator that powers life on board away from the dock, ensuring you enjoy extended passages with comfort and dependability.

Electrical / electronics

At the helm, a Simrad 12-inch navigation suite with two displays anchors a comprehensive electronics package that includes autopilot, intuitive joystick control and a Simrad Halo radar with 48 nm range for clear situational awareness. Communication and safety are enhanced by an AIS system, a VHF Radio Simrad RS20 with antenna, an additional VHF DSSi, and a FLIR night vision system complete with mount. Entertainment comes alive through a Fusion RA70N head unit driving four speakers for a high-end sound system, while a powerful horn ensures you are heard. Robust onboard power is delivered by a 2,000 W power converter and a domestic battery bank of double capacity with support, complemented by a 5G internet antenna with amplifier to keep you connected, and an anchor chain counter for precise anchoring.

Deck & exterior

The deck is sheathed in Flexiteek synthetic teak, setting a refined tone beneath a striking black hard-top accented with stainless steel and shaded by a retractable sun awning. Seamless days on the water are made easy with a swim ladder, flag pole, retractable aluminum cleats and handrails finished in leather, while a carbon finish across the hull sides and bow underscores the boat's contemporary poise. Night passages and harbor approaches are guided by LED Lopolight navigation lights, with decorative LED illumination washing the deck, and two deck tables inviting relaxed gatherings. An XL hydraulic platform expands your waterfront, and the exterior galley serves up hospitality with an 85 L fridge, sink, induction hob and microwave, complemented by two additional 85 L fridges in the galley, a premium galley cabinet finish, and a dedicated fridge/freezer supplied complete with installation and mounts.

Interior & comfort

Below, a tranquil forward cabin with a double bed pairs with a versatile aft salon whose U-shaped sofa converts effortlessly into a second double, all framed by hull side windows that bathe the interior in natural light. A full bathroom with electric WC and a freshwater deck shower elevate daily rituals, while Morbern Sundance cushions and premium beige upholstery bring a tailored, tactile elegance to every surface. Climate is precisely controlled by a 16,000 BTU air-conditioning system, and pre-fitted TV mounts forward and aft make entertainment installations simple, with a tailored set of covers protecting upholstery and the helm console when not in use. Safety and readiness come standard thanks to comprehensive equipment that includes a life raft for six persons, an EPIRB emergency beacon, automatic life jackets, bilge pumps, a grounding cable with battery charger, and a dedicated fuel refueling system.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
