OVERVIEW

We are pleased to present a meticulously maintained Princess V45, a classic sport cruiser and express motor yacht that marries refined style, comfortable living spaces and lively performance. Launched in 2012, this distinguished performance cruiser offers generous accommodation arranged as two well-proportioned cabins each with en-suite bathrooms and separate shower stalls, while a bright, inviting saloon converts to provide an additional berth when required. The sociable interior is organised around a large, highly practical galley with a sleek bar-style configuration and extensive storage capacity, ensuring that extended cruises feel as effortless as spontaneous weekend escapes.

A capacious tender garage aft reinforces the vessel's emphasis on flexible open-cockpit living, while the expansive cockpit itself is fitted with a wet bar complete with grill, refrigerator and pressurised hot and cold water — an ideal environment for relaxed entertaining both underway and at anchor.

Thoughtful recent works enhance the onboard experience, including newly laid teak on the bathing platform and on the steps up to the side decks (2025/26), which further underline the yacht's contemporary, exclusive character.

The yacht's colour scheme is composed and elegant: a classic white hull is complemented by cockpit cushions in Movida metallic beige with mocca inserts, while the interior showcases cherry joinery in a high-gloss finish contrasted by a cocoa-toned galley worktop, loop oatmeal carpets and saloon upholstery in Ultra Leather Sand 291-3850. Window treatments in Basket Coffee and bedspreads in Sable are paired with upper bedding in Gator Coffee, and the helm features a full console with dark brown detailing and white protective covers, completing a cohesive, sophisticated palette.

Specification and equipment are comprehensive for a luxury cruiser. Foredeck access is made secure by a Scandinavian open pulpit, close-quarters handling

is simplified with joystick control and a bow thruster, and the navigation suite is by Raymarine, comprising a W120 chartplotter, radome radar, autopilot, echo sounder, log and compass. Comfort and entertainment are well catered for with an Eberspächer D5 heater including a windscreen defroster, an iPod docking station located by the TV, a TV antenna and a 19" LED TV positioned above the bar. Outdoor amenities include a teak cockpit table and a garage-topped sunbed, Movida metallic mocca anti-glare treatment behind the helm and matching cockpit and sun cushions in Movida metallic; a newer grey aft canopy provides practical shelter.

Flexible sleeping arrangements continue aft, with infill cushions that convert the twin cabin into a double, and notable recent upgrades include a new electric-opening softtop specified for 2025/26 and an electric searchlight. Electrical autonomy is supported by an Onan generator. The cockpit wet bar is comprehensively equipped with a BBQ grill, refrigerator and pressurised hot and cold water, supplemented by an additional interior refrigerator. The galley is fitted with a ceramic electric hob plus microwave/grill and a convection oven, and underway stability and trim are managed by electric-hydraulic trim tabs. Newly laid teak in 2025/26 adorns the bathing platform and the steps leading up to the cockpit, and the yacht is offered with a full mooring package including fenders, lines and associated gear.

This Princess V45 embodies the spirit of an elegant open motor yacht — balanced, luxurious and prepared for the season — equally suited to life as a stylish weekender or a capable cruising vessel. The particulars provided here are offered in good faith but are not guaranteed; neither the accuracy of the information nor the vessel's condition is warranted. Prospective purchasers should instruct their own surveyor to verify any details of importance. This yacht is offered subject to prior sale, price change or withdrawal without notice.
