OVERVIEW

Preview BEST MEDICINE II at the 2026 Palm Beach International Boat Show with Blue Oceans Yachting on B Dock, Slip 223.

For those seeking an offshore thoroughbred that marries tournament-caliber power with refined accommodations, this 2022 47' Freeman commands attention. She announced herself in competitive fashion at the Big Rock, finishing in the top ten and validating her pedigree from the moment she hit open water. Once sheathed in a blue hull wrap, the cover has just been removed for sale to reveal paint underneath that remains exceptional.

Propulsion is via quad Mercury Verado 400s, last serviced in July 2025, providing assured performance and responsiveness; a Panda diesel genset with a 12-gallon tank feeds on-board AC and keeps the Seakeeper 6 gyro spinning—its warranty valid and fully transferable through September 2026. With 1,025 gallons of fuel aboard, her practical reach extends to more than 750 nautical miles, making long passages effortless.

The electronics package is comprehensive and modern, centered on large Garmin displays with integrated autopilot and augmented by Starlink satellite connectivity for global navigation, monitoring, and communications. Safety considerations include a hardtop-mounted life raft ready for immediate deployment.

Comfort and style are woven into her layout: three rows of triple seating, an expansive bow sun pad, and a flybridge helm deliver superb sightlines and relaxation, while a marine head adds practical convenience. Recent refinements—fresh upholstery and renewed varnish—underline meticulous care and a premium finish.

A center-console power catamaran equally adept as a tournament sportfish or an elegant family dayboat, she has been carefully maintained and tastefully upgraded, poised for her next bluewater adventure. Inquire for full

specifications, additional photographs, or to arrange a private viewing.
