DETAILED DESCRIPTION

Description

Designed for effortless runs to and from the Bahamas, the 477 Evolution combines genuine bluewater capability with refined onboard comfort, propelled by triple Mercury V12 600 outboards and stabilized by a Seakeeper 6 to deliver an ideal platform for family cruising and serious offshore fishing. Below deck, two staterooms including a convertible V-berth provide spacious overnight accommodations, while the helm is outfitted with twin Garmin 22-inch displays paired with a Fantom 54 open-array radar for confident navigation in any conditions. A custom Parker watermaker increases self-sufficiency at sea, and an upgraded diesel generator with a fifty-gallon fuel tank ensures dependable electrical power while away from shore. All handrails and rocket launchers have been powder-coated for long-lasting protection and a refined appearance, and cockpit comfort is made adaptable by a power sunshade and an aft drop curtain. Peace of mind is built in with warranty coverage on the triple 600 V12s through 2030, and the vessel's engine and generator servicing is current and up to date.
