OVERVIEW

The Sealine T50 "No Way" presents itself as an outstanding entry-level flybridge yacht, marrying elegant lines with practical design. It accommodates three generously sized cabins and is fitted with both bow and stern thrusters for effortless close-quarters handling. A standout convenience is the extendable cockpit, which expands at the touch of a button to create even more usable outdoor living space.

Inside, the yacht is flooded with natural light through forward skylights in the saloon and the VIP cabin, creating an airy, inviting atmosphere. The full-beam Master cabin occupies the heart of the hull, providing a calm and spacious private retreat. Ample deck areas, including a roomy flybridge and a welcoming foredeck, make this yacht ideal for family entertaining and memorable days at sea.

DETAILED DESCRIPTION

Upgrades

This yacht has undergone a comprehensive series of upgrades, ensuring it is equipped with the latest technology and comforts for an exceptional maritime experience. The current owner added a state-of-the-art radar system in 2024, alongside an upgraded AIS to enhance navigational capabilities, and the plotters were upgraded in 2022 to provide precise and reliable charting. Comfort on board is prioritized with the installation of two new air conditioning units in the galley area in 2024, complemented by a new fridge added in 2022. The flybridge has been enhanced with a new grill and cooler, both installed in 2024, creating an ideal space for entertaining, while the galley received fresh headlining and the entire yacht benefits from a full set of winter covers installed in 2023. Mechanical reliability has been addressed with a rebuilt port gearbox and a new oil cooler for the port engine completed in 2023; additionally all coolers were cleaned between 2023 and 2024 and both fuel lift pumps were replaced in 2023. Further improvements include a new grey water tank for showers, a new VHF on the flybridge, and a topside polish completed in July 2024. The anchoring system was upgraded with a new windlass installed in 2023, and the hull was meticulously sanded down to zero and treated with a Boero basecoat in 2024 to ensure a pristine finish. New underwater lights and a new lower-unit for the bow thruster were fitted in 2024, enhancing both aesthetics and maneuverability. Soundproofing was improved with new engine soundproofing installed in 2023, and an engine service is scheduled for November 2024 to maintain peak performance. All batteries were replaced in 2022 to ensure reliable power, the interior received new wrapping in 2024 and a new smart system was integrated for enhanced connectivity, and practical additions such as a new washer/dryer in 2023 and a new bilge pump together

with a gear pump in 2024 round out a package that leaves the yacht exceptionally well prepared for any voyage.

Key features

This exceptional fifty-foot yacht offers a luxurious experience with its three spacious guest cabins, providing ample accommodation for family and friends. The yacht has the added benefit of EU VAT paid, ensuring a smooth and hassle-free ownership experience within European waters. In 2024 the yacht underwent numerous upgrades that enhanced both its functionality and aesthetic appeal, and maneuvering is made effortless with the inclusion of both bow and stern thrusters for precise control in tight spaces. Inside, the yacht boasts a bright and inviting interior that creates a welcoming atmosphere for all on board.
