OVERVIEW

This luxury motor yacht, launched in 2024, is an elegant hardtop express cruiser that has enjoyed a single private owner in Turkey. Carefully cared for and sparingly used, she presents in virtually new condition and is offered fully turnkey. With spirited performance, crisp handling and pinpoint maneuverability, she rewards the helmsman with an exhilarating feel and delivers confident control in all sea states.

Her notable equipment is seamlessly integrated into a refined package: a Seakeeper NG6 gyro and Skyhook dynamic positioning ensure stability and station-keeping; the hull and hardtop wear Urbino Land Met paint; decks are laid in full teak; OceanLED underwater lighting provides striking illumination; and the Garmin Platinum advanced navigation suite commands the bridge. Multiple elegant interior configurations are aboard, and the garage houses a barely used Suzukino Genius 250 Open tender—an ideal companion for both performance cruising and sport cruiser pursuits.

Available for inspection in Bodrum, Turkey, she currently flies the flag of Palau.

DETAILED DESCRIPTION

Optional list

A meticulously curated suite of options elevates performance, control, comfort, and style, where Volvo Interceptor auto dynamic trim works in concert with a bow thruster, the Skyhook dynamic positioning system, and a Seakeeper NG6 stabilizer to hold station and deliver a composed ride; robust utility is assured by an 11 kW generator with Racor filter, a galvanic isolator, additional conduits, a black water tank, and a shore water plug, while chain counter control at the main helm brings precision to every anchoring maneuver. Tender operations are streamlined by a garage with a hydraulic operating system and a lifting platform, and teak graces the cockpit deck, swim platform, and side decks, complemented by a stainless steel anchor, a stern rubbing strake, exterior step courtesy lights, two underwater lights, mesh window covers, and both an electric searchlight and a portable manual searchlight to extend capability day or night. Climate comfort is guaranteed by a 44,000 BTU air conditioning system, and sun lovers will appreciate bow sunbathing cushions in simil leather with a protective cover, upgraded external cushions in Batyline in lieu of the standard Olimpus, two cockpit chairs, a cockpit enclosure, and a co-pilot seat in simil leather, all complemented by tailored covers for the driver's seat, dashboard, cockpit sofa, and aft sunbathing cushions. Visual presence is enhanced by a décor upgrade together with a painted hull in Urbino Land Met and a painted hard top in Urbino Land Met, while hospitality flows from a cockpit barbecue and icemaker, a galley dishwasher, and a washer/dryer, complemented by a sofa bed in the dinette and an additional bed in the aft guest cabin. Thoughtful inventories include a set of cutlery, crockery, and glasses with a dedicated rack, linen sets for the cabins, the sofa bed, and the third bed in the guest cabin,

and five single person towel sets with the Azimut logo, and practicality is extended by three Schuko type electrical sockets. Communications and navigation are led by a Garmin VHF and Garmin AIS 800 and crowned by the Garmin Platinum navigation package featuring two 12" Volvo Glass Cockpit 8612xsv multitouch MFD displays with sonar and Volvo EVC, a chart reader, GPS 19x, a VHF 315i antenna, a wired VHF handset GHS 11i with speaker, a Volvo autopilot with Volvo EVC, a Garmin GMR Fantom 18 radar, a DST 800 transducer measuring speed, depth and temperature, and a Thru Hull Depth Transducer B117 for complete situational awareness.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
