OVERVIEW

High Impact, a 2021 VIKING 48 Convertible, arrives fully outfitted with sought-after upgrades including Omni Sonar, mezzanine seating with refrigeration, a full bridge enclosure with A/C, an oversized generator, Seakeeper, ElectroSea, Starlink, a watermaker, custom drawers in the companionway closet, and a GOST Security System. She's turnkey for tournament duty with hydraulic outriggers, a bow rail and pulpit, a Garmin screen in the cockpit haunch, and Hooker Electric tuna tube pumps. The 48 Convertible is a superb platform, offering an inviting, generously proportioned three-stateroom, two-head layout in a size that remains comfortable and manageable for the owner-operator. Recent care includes a full cleaning and service, fresh bottom paint with PropSpeed, and new bow thruster blades and trim tabs. This clean, low-hour 48 is smartly priced and poised for her next adventure.

DETAILED DESCRIPTION

Main Salon

High Impact's main salon presents a refined setting, configured with reverse cycle air conditioning and fitted blinds. A high-gloss wood cocktail table sits forward of a starboard L-shaped lounge with built-in storage, while the galley island and dinette showcase finished teak, complemented by teak cabinetry with drawers, teak trim where the Amtico vinyl floor meets the carpet, teak strips in the Majilite natural–color headliner, and teak valances along the port, starboard and aft edges of the ceiling. Fixed frameless side windows of tinted tempered glass invite ample light, and the salon door is a sliding molded fiberglass unit with a window, teak interior finish and gas pistons. The flooring combines Amtico vinyl at the salon entrance with wall-to-wall carpet and padded underlay. Entertainment is provided by a home theater system with a 40" flatscreen, a stereo with surround sound and subwoofer, and a Blu-ray player. The main electrical service panel is located within the salon.

Galley

The galley aboard High Impact (2021 VIKING 48 Convertible) is equipped with a Miele induction cooktop and an electric stovetop, complemented by a microwave/convection oven and a garbage disposal integrated into the stainless steel sink. SubZero refrigeration and freezers provide ample cold storage, while upper galley cabinets offer deep pull-out drawers, and additional cabinets and drawers occupy the lower galley. The peninsula-style countertop connects to a hi-gloss wood dinette table, which includes a 110V outlet and an electrical sub-panel for galley appliances. Amtico vinyl flooring graces the area, and a water tank level gauge is installed. A companionway closet with custom drawers remains in place (washer & dryer removed).

Shestakov Yacht Sales

Master Stateroom

The Master Stateroom of High Impact (2021 VIKING 48 Convertible) presents a queen-size bed with a lift mechanism and storage beneath, complemented by additional drawer storage under the mattress. End tables on either side of the bed incorporate drawer storage, while a hanging locker offers further stowage. The cabin is outfitted with an upholstered headboard, overhead LED lights, and reading lights. For entertainment and electronics, there is a 32” flatscreen TV, Blu-ray/DVD player, DirecTV receiver, and a stereo with speakers recessed in the headliner. An overhead Bomar hatch is also installed.

Master Head

The master head aboard High Impact (2021 VIKING 48 Convertible, LOA 48 ft) features an electric head, a one-piece walk-in fiberglass molded shower and an enclosed shower area equipped with an exhaust fan and vent. Interiors showcase Amtico flooring, a lower vanity with a teak door and a mirrored wall behind the vanity, a medicine cabinet, and linen storage. Overhead LED lighting, towel bars and rings, and a 110V GFCI receptacle are installed. Shestakov Yacht Sales.

Forward VIP Stateroom

High Impact is a 2021 VIKING 48 Convertible, showcasing a forward VIP stateroom equipped with upper and lower bunks, overhead LED lighting, a 19" flatscreen TV, a Blu-Ray DVD player, a DirecTV receiver, and a stereo with speakers recessed into the headliner. The cabin also features a hanging locker, reading lights, and an overhead Bomar hatch.

Forward Head

The 2021 VIKING 48 Convertible High Impact forward head is equipped with an electric head and a one-piece walk-in fiberglass molded shower featuring an enclosed shower space. Interior finishes include Amtico flooring, a lower vanity with a teak door, a mirrored wall behind the vanity, a medicine cabinet, and linen storage. Comfort and convenience are provided by an exhaust fan with vent, overhead LED lights, towel bars and rings, and a 110V GFCI receptacle. Shestakov Yacht Sales

Port Guest Stateroom

The port guest stateroom aboard the 2021 VIKING 48 Convertible "High Impact" features upper and lower bunks, a hanging locker, and a stereo with speakers recessed into the headliner. Entertainment is supplied via a DirecTV receiver. Overhead LED lighting brightens the cabin, which also includes an overhead Bomar hatch.

Electrical Equipment

High Impact is a 2021 VIKING 48 Convertible with a 48 ft LOA. The electrical installation features a 12/24V power supply with breakers on the flybridge dedicated to electronics and a 110V outlet in the engine room. Exterior lighting includes an anchor light and navigation lights. The vessel carries two independent 24V battery banks mounted aboard, two battery chargers with thermal cutoff and integrated switching systems, and a battery parallel system for starting the main engine and generator. The electrical system is bonded to a ground plate. Interior lighting offers dimmers throughout with recessed overhead LED lights in the ceiling. Engine room lighting is provided AC/DC with a switch at the engine room entrance. A Master electrical control panel is

located in the salon with 24V/110V circuit breakers. The generator is an Onan diesel 21.5 KW unit with 1,387 hours (as of 10/12/2026).

Sold by Shestakov Yacht Sales.

Cockpit

High Impact's cockpit showcases a Garmin GPSMAP 8612 mounted on the starboard side haunch and a Fusion Apollo ERX400 wired remote. Cable TV and telephone connections accompany a CAT-5 phone cable and RG6 TV cable to accommodate a satellite system. Cabinet storage holds gaffs and accessories, and dockside services include a 50 amp/220V retractable Glendinning Cablemaster and a dockside water connection. Access to the engine room is through the mezzanine, which features mezzanine seating with freezer storage and a teak step that has been freshly cleaned.

The yacht offers an extended flybridge overhang for shade, a ladder to the flybridge, and grab rails at the cockpit haunch. Fishing and fish-care amenities include three rod holders in each haunch (six total), four Gemlux rod holders, two Gemlux Zero Degree rod holders, recessed in-deck fish boxes, a live well in the transom box, a seawater washdown and freshwater washdown, recessed stainless cleats and hawse pipes, and a walk-through transom door with lift gate. A refrigerated drink box is mounted in the salon step and an insulated soda box is located at the salon door entryway. A custom Release cockpit table and a rounded cockpit coaming for comfort are fitted, and stereo speakers connected to the flybridge stereo provide audio. Lighting comprises tri-color fixtures and Lumishore underwater lighting.

A Seakeeper 9 is installed with 763 hours. Electrical outlets under the coaming include two 24V/30amp outlets and two 12V/30amp outlets.

Listed builder: VIKING; model: 48 Convertible; year built: 2021; name: High Impact; LOA: 48 ft. Shestakov Yacht Sales.

Flybridge

The flybridge on the 2021 VIKING 48 Convertible High Impact presents top-mounted single-lever electronic controls and a center-console walk-around helm, highlighted by a lighted centerline compass and a teak helm pod. Release helm chairs offer an extended overhang for added room to move behind the helm seats, complemented by port and starboard bench seating, a port jump seat facing aft, and a forward bench seating integrated into the console; custom rod storage resides beneath the port and starboard benches. Electronics are neatly housed in recessed boxes, with a drop-down electronic box in the hardtop and manual engine shutdown switches within the radio box. Systems and controls include power-assisted steering, trim tab controls, electronic trolling valves, fuel gauges with offshore system display, and a fire system control. Amenities and service fittings feature a freshwater outlet, under-helm access with lights and a storage room, a handrail powder-coated above the ladder, trumpet-style air horns, LED flood lights in the hardtop, and Flybridge air conditioning. The fishing setup includes a center rigger, hydraulic Rupp triple spreader outriggers, a six-rod rocket launcher on the railing, and recessed electric teaser reels with 24 VDC Miya Epoch US9HD reels. A full enclosure is fitted.

Flybridge Electronics

The 2021 VIKING 48 Convertible "High Impact" is outfitted with a Garmin 2526xHD2 25KW radar, two Garmin GPSMap 8612 chartplotters and one Garmin GPSMap 8616 chartplotter, and a Garmin GPS19X GPS antenna complemented by a Garmin remote input device (Grid). Navigation and situational awareness are enhanced by a Furuno RD33 instrument, a Furuno Omni 10 sonar, a Garmin GSD-26 CHIRP video sounder module, and an MD-625 FLIR night vision system. Communications include an Iridium Go

satellite phone and two ICOM M506 VHF radios. The vessel also features a KVH TracVision TV5, a second listed KVH TracVision TV5, an ACR RCL100 LED spotlight, a Fusion MS-AV755 stereo, and two USB power outlets. Autopilot functionality is provided by a Garmin GHP system.

Engine Room / Mechanical Equipment

High Impact is powered by two MAN V8 1200 CRM engines, each rated at 1200 HP. Access to the engine room is available beneath the mezzanine seating. The vessel features a bow thruster and a Dometic ice chipper plumbed to the fish box. Safety and systems elements include a fire system, engine synchronizers, fuel priming pumps, a 24V raw water sea strainer, DC power assist hydraulic steering, and an engine fuel shut-off valve. Electrosea equipment is installed. The engine room has been freshly detailed.

Spare Parts

High Impact is outfitted with a pair of hydraulic filters, a pair of oil filters, a pair of oil filters with O ring, a pair of secondary fuel filters, a pair of turbine filters, a pair of cylindrical mesh intake filters, multipurpose blue rope, three drive/serpentine belts, four pleated filter elements, an automatic float switch, and two engine impeller kits. Built by VIKING in 2021, this 48 Convertible measures 48 ft LOA. Sales handled by Shestakov Yacht Sales.

Safety Equipment

High Impact is a 2021 VIKING 48 Convertible, LOA 48 ft. The vessel is equipped with three first aid kits, eleven USCG-approved life jackets, and two USCG-approved throwable flotation devices. There are three portable fire extinguishers (inspected 06/2026, due 06/2027) and an engine room fixed fire

suppression system (serviced 06/2026, due 06/2027). Flares and visual distress signals are aboard (expires 01/2027), along with a USCG navigation rules book, an air horn, and two required placards.
