OVERVIEW

2026 HCB 48' Campeón

Four Mercury V12 600 hp outboards | Seakeeper 6 gyro stabilization

Step aboard the 48' Campeón and feel a rare convergence of blistering performance, refined finishing, and uncompromising presence on the water.

This flagship super center console marries superyacht-level polish with offshore tournament capability and easy dayboat comfort, a single performance craft conceived for owners who demand both elegance and authority.

Power is delivered by four Mercury V12 600 hp outboards paired with Seakeeper 6 gyro stabilization for a composed ride at speed or while idling. Systems are upgraded for serious use: a Fisher Panda 12 kW generator, Starlink Wi-Fi with Roku integration, and a premium Garmin electronics suite featuring dual 22" helm displays, AIS with transmit-silence capability, a 6' 12 kW xHD3 open-array radar, XM Weather, side-scan sonar, and a 24" aft-facing screen that keeps the entire deck situation in view. BOLT control architecture provides modern, intuitive command of propulsion and systems, while joystick piloting and an LED-mounted spotlight simplify close-quarters maneuvering.

Every aspect of the interior and deck is tailored for comfort and function. The helm is air-conditioned and wired with a JL Audio premium stereo and Luxe flush-mount speakers throughout; underwater lighting enhances evening ambiance. Upholstery is bespoke, finished with Bentley or diamond stitching, and tempered-glass aft wind protection is complemented by port and starboard spray wings. An electric aft sunshade recessed into the hardtop and matching hard-wing enclosures to port and starboard with lower acrylic doors create sheltered spaces at the push of a button, while additional electronic aft sunshade functionality is integrated into upgraded rod holders for anglers.

The Campeón's cockpit is organized for fishing and entertaining: an aft facing summer galley with integrated grill, freshwater sink, refrigerator, tackle storage and a cockpit rainfall shower; a Corian topped secondary galley with swivel faucet, gear drawers, a single burner electric grill and 12V refrigerator; forward gunwale mounted Frigid Rigid coolers—two to port and two to starboard—and 38 qt transom cooler seats on both sides with cushions. A center transom lounge replaces the standard baitwell with a 30 gal livewell and molded armrests; power lift bow fiberglass table with filler cushion lowers flush to the deck for seamless entertaining. Serious anglers will appreciate electric reel outlets, Gemlux 18' telescoping carbon fiber outriggers, a Release Marine aft rocket launcher, and strategically placed rod holder sunshade electronics.

Heavily optioned and meticulously detailed throughout, the Campeón also introduces the first walk in machinery room in the 40 foot center console class, enhancing serviceability and reliability. More than a boat, this is a statement: a luxury center console, bluewater sportfish platform, and high performance dayboat in one—an innovative, custom built thoroughbred designed to turn heads at the yacht club and command respect offshore.
