OVERVIEW

The Sea Ray 480 Sundancer commands attention in the express cruiser realm, offering the conveniences of a true luxury motor yacht with two private staterooms and two heads—an ideal arrangement for family voyages or graceful weekend retreats. As both a sport yacht and cruising yacht, it marries spirited performance with refined comfort to create an elegant and composed passage on the water.

Beneath its sleek hardtop profile, the cockpit is arranged for conviviality and ease: an inviting L-shaped lounge, twin helm seats that rotate a full 90 degrees, and an additional side bench form a versatile social space enhanced by synthetic teak decking underfoot and a custom teak sole in the salon. Power and reliability come from twin Cummins QSC 8.3L 540 hp engines, supplemented by an Onan 11.5 kW generator, while modern navigation and control have been refreshed with an updated Garmin GPS (2025) and a new autopilot. Recent upgrades further elevate onboard living and entertaining—new upholstery (2025), a helm enclosure with a custom door (2025), arch, satellite dome and antennas painted black (2025), a new aft A/C unit, upgraded cockpit LED lighting, a new JL Audio sound system, a new watermaker, a new cockpit TV, a new custom cockpit grill, a new custom extended cockpit shade, a hydraulic swim platform, and new cockpit ceramic film—each detail contributing to the vessel's polished finish and practical luxury.

DETAILED DESCRIPTION

2006 Sea Ray 48 Sundancer

The 2006 Sea Ray 48 Sundancer blends confident performance with refined luxury, defined by purposeful proportions and exacting specifications that reassure both captain and guests. With an overall length of 48 ft, a generous 14.67 ft beam and a maximum draft of 4 ft, this Sundancer delivers poised, predictable handling underway, while the hull's 19-degree deadrise at the transom strikes an ideal balance between a soft, comfortable ride and reassuring stability; a dry weight of 34,250 lb further underscores the boat's substantial, built-to-last construction. Long-range versatility is provided by intelligently scaled tankage — a 110 gal fresh water tank, a 400 gal fuel tank and a 60 gal holding tank — making extended cruising effortless. Power comes from twin Cummins QSC 8.3 diesel engines, each rated at 540 hp, with the 2007-vintage engines showing 1,430 hours and benefitting from meticulous care including the Cummins 1,000-hour service completed in October 2020 and new after-coolers installed in 2021; onboard electrical needs are quietly handled by an Onan generator, model 11.5 kW MDKBM-4564C. Below decks the accommodations are thoughtfully appointed for effortless weekends or longer passages, offering five single berths arranged across two cabins with two heads to combine privacy, comfort and an inviting flow throughout. The helm and entertainment suite are comprehensively equipped for confident navigation and rich onboard life, featuring a Garmin sixteen-inch GPS touchscreen, a Garmin 8712 GPS, Garmin autopilot and Garmin radar alongside a JL stereo with JL speakers and amplifier, and a DSS satellite TV antenna to expand entertainment wherever you roam; a 2020 Garmin sixteen-inch touchscreen GPS with radar and AIS further enhances situational awareness. Highly desirable options and tasteful upgrades elevate the

experience: a hydraulic swim platform for effortless tender handling and water access; a custom teak interior floor that lends warmth and craftsmanship; Flexiteek installed in the cockpit and on the swim platform in 2020 for durable, low-maintenance elegance; a cockpit aft shade added in 2021 to extend comfort in the sun; and LED lights throughout the cabin and exterior to enhance ambiance and efficiency, all combining to make this 2006 Sea Ray 48 Sundancer a compelling choice for discriminating buyers seeking proven performance and refined onboard living.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
