## OVERVIEW

---

### Boat highlights

This 2007, 48-foot motor yacht combines spirited performance with reassuring composure, turning ordinary weekends into memorable cruises. Constructed in the United States from solid fiberglass and shaped with a seakindly deep-V hull, she rewards the skipper with a dry, steady ride and confident tracking whether slicing through morning chop or settling into an economical cruise. Twin Cummins diesel inboard engines provide reliable thrust and a smooth throttle feel, making tight maneuvers straightforward and open-water passages quietly satisfying.

A broad 14-foot beam creates an airy interior where a bright salon and a well-planned galley invite relaxed gatherings. Durable finishes, tactile materials, and smart storage give the interior a sense of practical refinement. Overnight accommodations for four are complemented by two well-equipped heads, offering comfortable privacy for owners and guests alike, making this layout ideal for coastal runs, family escapes, and extended weekends.

The deck is arranged for easy outdoor living: a flowing cockpit for entertaining, wide side decks and secure railings for confidence underway, and a generous molded swim platform that simplifies access for swimming, tending a tender, or quick dips at anchor. With balanced design and proven propulsion, this 48-footer hits a sweet spot between size and capability—substantial enough for offshore reassurance, yet agile and approachable for owner-operators. For those seeking the polish of a Luxury Yacht combined with the energy of a Sport Cruiser, the functionality of an Express Cruiser, and the reach of an Offshore Cruiser, this versatile 48 is an inviting choice.

### Основные особенности лодки

Эта моторная яхта 2007 года длиной 48 футов сочетает в себе живую динамику и уверенную стабильность, превращая обычные выходные в

запоминающиеся переходы. Построенная в Соединённых Штатах из монолитного стеклопластика и оснащённая мягко режущим волну V-образным корпусом, она награждает шкипера сухой, ровной ездой и надёжным курсом, будь то рассечение утренней зыби или спокойный экономичный крейсерский ход. Два дизельных подвесных двигателя Cummins обеспечивают стабильную тягу и плавную реакцию дросселя, делая манёвры в ограниченном пространстве простыми, а переходы в открытой воде — тихими и приятными.

Широкая 14-футовая палуба создаёт светлый интерьер: просторный салон и продуманная камбузная зона располагают к неспешным встречам. Износостойкие отделочные материалы, приятные на ощупь поверхности и разумные решения для хранения придают интерьерам практичную утончённость. Для ночёвки предусмотрены четыре спальных места и два хорошо оснащённых санузла, что обеспечивает комфорт и приватность владельцу и гостям — оптимальное сочетание для берегового крейсерства, семейных выездов и продолжительных уикендов.

Палуба спроектирована для приятного времяпрепровождения на свежем воздухе: удобный кокпит для приёма гостей, широкие бортовые проходы и надёжные поручни для уверенности в движении, а просторная формованная купальная платформа облегчает выход в воду, посадку в тузик или быстрые погружения на якорю. Благодаря сбалансированной конструкции и проверенной силовой установке этот 48-футовый корпус занимает идеальную нишу между размерами и возможностями — достаточно солиден для уверенности в офшорных условиях, но при этом манёврен и удобен для владельца-оператора. Для тех, кто ищет изящество Luxury Yacht в сочетании с порывом Sport Cruiser, практичность Express Cruiser и дальность Offshore Cruiser, этот универсальный 48 предлагает привлекательный вариант.

# DETAILED DESCRIPTION

---

## Boat highlights

---

Step aboard this striking black-hull Sea Ray 48 Sundancer and see why she remains a standout among express cruisers. With two staterooms, two heads, and a roomy salon, she's crafted to deliver relaxed weekends, extended coastal journeys, and those memorable moments that only life on the water can provide. Picture anchoring beneath the stars as five underwater lights set a soft mood, reclining on the forward sun pads, or entertaining guests in the cockpit sheltered by the sleek black full camper enclosure with an aft canvas sunshade and extension; from a quiet morning coffee in the galley to sunset cocktails at the helm, every element supports effortless enjoyment.

Underway confidence and spirited performance come from twin Cummins QSC 8.3 diesel engines, each rated at 540 horsepower, providing responsive power and refined throttle control; comprehensive engine service was completed in June 2025, including oil and filter changes, fuel filter replacement, and new impellers. Recent care and upgrades further enhance ownership: the battery was replaced in July 2025, a new refrigerator and a new microwave were installed in August 2024, the salon air-conditioning unit was renewed in October 2022, and fresh bottom paint was applied in April 2022. Practical luxury is evident in the Vetus bow thruster for precise docking, a swivel helm chair for comfort and visibility, Bennett dual-ram hydraulic trim tabs for ride optimization, and KVH TracVision for entertainment and connectivity. The galley is well-equipped with a two-burner Kenyon electric cooktop and a U-Line ice maker, while the foredeck sun pads and the custom black enclosure with its aft canvas extension expand living space into the open air.

There is much to appreciate on every level, and the listing is still being developed—please call for additional information. Your next chapter on the

water begins here, and trades will be considered; contact us to discuss.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
