## OVERVIEW

---

Step aboard this 2022 luxury yacht for sale in France and discover a vessel that marries modern engineering with timeless elegance. Nestled in the picturesque waters of France, this 49 feet length overall craft is a study in refined performance and tasteful design, offering an elevated yachting experience for those who appreciate both speed and comfort.

Built on a fiberglass and plastic hull shaped in a deep Vee configuration, the yacht promises a composed, confident ride through varying sea states. Twin Volvo inboard diesel engines deliver the muscle behind her lines, propelling the yacht to a cruising speed of 35 knots and a thrilling maximum speed of 45 knots, a combination that suits leisurely coastal passages as well as spirited open-water runs.

Her beam of 14 feet creates generous interior and deck proportions, allowing for relaxed social spaces and graceful circulation. The deck, crafted from high-quality fiberglass, complements the hull with a durable yet refined surface, ideal for entertaining guests or enjoying tranquil moments at anchor. Inside, the appointed cabin areas reveal workmanship that speaks for itself; although the interior designer remains unnamed, every element conveys a careful attention to comfort and style.

Practicality is woven into the luxury, with a water capacity of 79.25 gallons ensuring extended comfort aboard and a substantial fuel capacity of 422.68 gallons supporting long-range cruising without compromise. These specifications make the yacht as capable for extended voyages as she is inviting for day escapes along the Mediterranean coastline or a grand tour of Europe's most enchanting ports.

This exceptional 2022 model represents more than a vessel; it is a lifestyle opportunity on the market today. Perfect for discerning buyers seeking personal enjoyment or a sound investment in yacht ownership, she stands

ready in France for private viewings and further inquiry. Embrace the pinnacle of yachting refinement and make this extraordinary craft your own.
