## OVERVIEW

---

M/Y GRAND is a 2022 Canados Gladiator 493 Grand, an open motor yacht that pairs classic Italian design cues with spirited performance and refined comfort. Measuring 14.98 metres overall with a 4.19-metre beam, she presents expansive exterior lounging areas, sculpted lines and a sporty yet elegant profile underway. Built by Canados / Cantieri di Ostia and driven by twin Volvo Penta D6-440 engines, the yacht—also referred to in listings as VIBE—delivers a poised, confident ride that suits private coastal cruising as well as premium day-charter service throughout the Mediterranean.

Meticulously maintained, VIBE has undergone an extensive programme of works across 2025 and 2026 that enhance both reliability and presentation. Recent service history includes full servicing of both Volvo Penta D6-440 engines, servicing of the Volvo Penta DPI transmissions, generator servicing, fresh antifouling and thorough hull washing, renewal of anodes, comprehensive cooling system overhauls, installation of a new windlass, replacement propellers and a complete review of safety equipment, alongside numerous additional technical and cosmetic refinements. New interior and exterior upholstery for 2026 is also underway, reinforcing her turnkey readiness.

Equipped with a SeaKeeper stabilizer for improved comfort and offered with a curated selection of water toys including a Seabob, E-Foil and floating platform, this Canados Gladiator 493 Grand arrives as an all-inclusive, immediately usable package for cruising around Ibiza and the wider Mediterranean. Equally adept as a chic chase boat or a high-performance day cruiser, M/Y VIBE presents a rare opportunity to acquire a stylish, professionally maintained and fully operational example that balances design pedigree, capability and turnkey sophistication.

## Features

---

Propelled by twin Volvo Penta D6-440 IPS engines with DPI drives, this yacht offers assured performance and exceptional handling, while a SeaKeeper stabilizer provides an unmatched level of comfort both underway and at anchor. Based in Ibiza and operated under a long-established charter management arrangement, she benefits from professional stewardship with complete maintenance and technical oversight carried out by our in-house team. An extensive 2025–2026 maintenance program has been completed, new propellers were installed in 2026, and reupholstery scheduled for 2026 is currently underway. To enhance every moment on the water, the yacht is equipped with a Seabob, an E-Foil and a floating platform.
