DETAILED DESCRIPTION

Additional information

Iconic performance and timeless Italian styling converge in the Riva 48 Dolceriva, an open yacht that reads as a masterclass in Mediterranean elegance while delivering serious seakeeping and speed. Twin Volvo D13 engines producing 1,000 HP each propel her to a 40-knot top end and a comfortable 35-knot cruise, and her Metallic Shark Grey hull accented by a double turquoise waterline and the signature glossy mahogany trim inside make her unmistakably Riva. Crafted at the Riva yard in Sarnico, Italy, she is a floating interpretation of La Dolce Vita.

Below decks the interior is a study in refined materials and thoughtful layout: two mahogany-appointed cabins designed for relaxed comfort, with the twin cabin featuring removable bench beds for versatile sleeping arrangements. Comfort systems include Supertropic air conditioning throughout both cabins and electric Venetian blinds for privacy, while practical onboard conveniences such as an ice maker and extra spotlights add everyday ease. The interior has been finished with a non-standard Black & White lacquer, lending a bold contemporary counterpoint to classic woodwork.

The yacht's technical specification has been enhanced to deliver exceptional comfort, handling and autonomy. A Gyro Stabilizer ensures steadiness at anchor and underway, and a Volvo joystick paired with a proportional bow thruster makes close-quarters maneuvering effortless. The automatic control system incorporates the Active Ride function for composed performance at speed. The hard top is fitted with dedicated air conditioning and a transport cover, and grey-caulked teak decking extends across the cockpit, stern steps and beach area for a modern, refined look. Electrical and systems upgrades include an Onan 11 kW generator (upgraded from the standard 7 kW), a

Searecovery watermaker, a Mastervolt 2500W/120V inverter and an automatic battery charger for the generator, while an additional electric stern mooring winch on the port side aids practical handling. VOLVO EAPP Certificates are supplied with the vessel.

The helm station benefits from enhanced navigation and illumination with an extra Garmin 16" plotter display and Garmin AIS, complemented by side and transom underwater LED lights in blue that create a dramatic night-time presence. Entertainment and onboard lifestyle are curated to a high standard: Apple TV, premium loudspeakers and a Mini HiFi system for the 43" dinette TV are supported by an upgraded Fusion sound system, while a dimmer circuit for interior and exterior lighting sets the mood. Daily convenience is addressed with a dinette dishwasher and air conditioning in the cockpit storage to keep gear in optimal condition, and the yacht's exterior upholstery finish and a bespoke main deck salon sofa emphasize her one-off, commissioned feel.

Specified with every major option from the Riva 2025 price list, this Dolceriva is delivered as a fully equipped, commissioning-ready yacht that fuses the classic Riva soul with contemporary technology and comfort. Whether sprinting to the horizon at 40 knots or idling in a secluded cove on the Bosphorus or in the Aegean, she commands attention. Contact us for the full specification, the builder's certificate and to arrange your private viewing in Istanbul.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
