## MARQUIS 500 SPORT BRIDGE

Motor Yacht | Available for Purchase

Built by Marquis and presented as the 500 Sport Bridge, this 2011 motor yacht flies the USA flag and is currently located in Bodrum, Turkey. At 15.20 m LOA with a 4.42 m beam, her fiberglass hull and diesel fuel system underpin a design that balances graceful lines with purposeful performance. The Sport Bridge offers expansive open air living above and a refined salon below, combining the exhilaration of a flybridge with the comforts of a luxury cruiser. Propulsion comes from twin Volvo Penta IPS units, each rated at 425 HP, installed in 2011 in an inboard configuration and showing approximately 700 hours of use. The IPS pod drive system delivers nimble handling and is complemented by joystick maneuvering for effortless close-quarters control. These mechanical choices provide responsive acceleration and efficient cruising for family outings or entertaining guests.

Below decks, the accommodation is thoughtfully arranged with three cabins: a full master suite, a VIP double, and a twin cabin, together providing eight berths and two bathrooms, both en suite, to ensure privacy and convenience for owners and guests alike. The interior appointments reflect careful finish work and a layout that maximizes comfort and usability for extended cruises.

The yacht's electrical and technical outfitting includes a generator, inverter, shore power inlet, and battery charger, with both electric and manual bilge pumps and a hot water system for practical systems reliability. A Seakeeper gyro-stabilizer and air conditioning throughout elevate onboard comfort, smoothing passages and maintaining a pleasant interior climate.

Navigation and entertainment are well covered with autopilot, GPS/chartplotter, radar and a dedicated helm navigation center, supported by

VHF communications. Leisure and social systems include stereo/radio, TV and cockpit speakers to keep guests entertained whether at anchor or on the move.

Exterior comforts and deck equipment enhance the yacht's usability: a bimini top and cockpit cover shelter the cockpit with plush cushions, while a cockpit shower and teak-laid cockpit add refinement and practicality. Boarding and water access are eased by a hydraulic gangway/passerelle and a large swim platform that completes the entertaining and water sport capabilities of this sport cruiser.

### Marquis 500

---

Marquis 500 Sport Bridge is a motor yacht for sale, built in 2011 by Marquis, flying the USA flag and currently lying in Bodrum, Turkey, and its sleek fiberglass hull and diesel propulsion deliver a confident, quiet ride interlaced with unmistakable American craftsmanship that promises both presence and refinement on the water. Powered by two Volvo Penta IPS inboard engines dating from 2011, each rated at 425 HP with approximately 700 hours, she leverages the Volvo Penta IPS drive system with joystick control for effortless close-quarters maneuvering and efficient performance underway. Thoughtfully arranged accommodation offers three cabins—one Master cabin, one Double cabin, and one Twin cabin—providing eight berths and two en-suite bathrooms, creating a private and refined atmosphere for family and guests alike. Her electrical and technical inventory is comprehensive, including a generator, inverter, shore power inlet, battery charger, electric and manual bilge pumps, a hot water system, Seakeeper gyro-stabilization, and air conditioning to ensure comfort and autonomy in any anchorage. At the helm, navigation and entertainment are equally well considered with autopilot, GPS, radar, a dedicated navigation center, VHF, radio, a TV set, and cockpit speakers, so voyages are as safe as they are enjoyable. On deck, leisurely days unfold beneath a bimini top with a cockpit cover, cockpit cushions, and a cockpit shower, all set against a beautifully finished teak cockpit, while a hydraulic gangway and a broad swim platform complete the exterior, enhancing ease of access and the sheer pleasure of life on the water.
