OVERVIEW

AZIMUT 50 FLYBRIDGE

Step aboard an exceptional Azimut 50 Flybridge, a vessel that marries refined style with practical versatility and can welcome up to 12 guests for days of shared pleasure. Interior accommodations include two elegant double cabins and a further cabin fitted with bunk beds, while the saloon table converts into an additional sleeping area, together providing comfortable berths for up to 8 people without compromising on living space.

Above, the expansive flybridge is a sun-drenched retreat designed for conviviality and relaxation, with seating for eight and multiple dedicated sunbathing areas, complemented by extra cushions for leisurely comfort. A full-time captain is part of the package, ensuring the yacht is professionally managed and always ready to depart at a moment's notice.

This boat's service history is exemplary and fully documented: both engines received a complete overhaul by Caterpillar in September 2022, and the hull was hoisted for anode replacement, anodized and anti-fouled in April 2023, leaving the yacht mechanically and cosmetically prepared for many seasons ahead. Maneuvering in tight berths is simplified by the presence of bow and stern thrusters, making docking straightforward and stress-free.

The sale includes a Williams 285 mini jet tender, stored and launched from the bathing platform with the assistance of a reinforced hydraulic gangway, offering effortless water access and shore excursions. All taxes have been paid and the vessel flies a Spanish commercial flag, so it is cleared and ready for the coming season from its current berth — a must-see for buyers in the area.

In addition to the yacht itself, a range of professional services is available: turnkey charter management with annual servicing and upkeep by qualified mechanics; bespoke refit and customization options including upholstery and fabric design, painting and wrapping, electrical and domotic system upgrades;

plus flexible mooring solutions for short- or long-term stays and secure winter storage. Elegant, well maintained and comprehensively supported, this Azimut 50 Flybridge promises memorable voyages and effortless ownership.

DETAILED DESCRIPTION

Features

This yacht boasts a comprehensive array of features that make it a standout choice for any discerning buyer. All services and maintenance are meticulously up to date, with the engines having undergone a complete overhaul by Caterpillar in September 2022. The vessel was dry docked in April 2023, during which the anodes were replaced and the hull was treated with antifouling paint, ensuring optimal performance and longevity. Maneuvering is made effortless with the inclusion of both bow and stern thrusters, allowing for easy docking in any conditions. Additionally, the yacht comes equipped with a Mini Jet Tender Williams 285, included in the price, providing added convenience and value. A reinforced hydraulic gangway enhances accessibility and safety. With taxes paid and flying the Spanish commercial flag, this yacht is fully prepared and ready for the season, offering a seamless blend of luxury and functionality.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
