OVERVIEW

Impeccably appointed, this luxury motor yacht is propelled by twin Caterpillar C9 diesel engines, each rated at 650 hp and showing a mere 173 engine hours. Maneuvering is made effortless by a joystick helm that links the engines to a proportional bow thruster, while onboard comfort is enhanced by the factory fitted Seakeeper 9. Electrical needs are met by a sound shielded Kohler 17 kW generator, complemented by a Fisher Panda 12 Mini, and the navigation suite is handled by Raymarine equipment featuring four multi function displays, radar and autopilot.
