OVERVIEW

The 2020 Princess V50 marries sleek, contemporary lines with refined onboard appointments, presenting an express cruiser whose performance is as impressive as its styling. Accommodation includes two cabins, each with its own en-suite, a fully appointed galley and a flowing saloon layout crafted for sociable cruising and effortless entertaining. Powered by twin Volvo Penta engines, she delivers brisk acceleration and nimble handling, making her equally suited to short weekend hops or more extended passages. Equipped with Dockmate remote control, a hydraulic swim platform and a joystick with Skyhook station keeping, and supported by turn key service, she epitomizes the modern luxury motor yacht.

DETAILED DESCRIPTION

Swim platform

A hydraulically operated teak swim platform provides an elegant, effortless connection to the water, while the Euro-style transom allows direct access to both the port and starboard side decks. On the port side a shower power cord and cable master are discreetly located for convenience, and on the starboard side a shower handle is positioned within easy reach. Thoughtful storage access ensures towels, equipment and other essentials are kept neatly stowed and immediately available.

Cockpit

A cockpit sun awning, supported by telescopic stainless steel stanchions, provides a sheltered setting for the U-shaped seating area, which is fitted with protective covers and arranged around a bespoke teak cockpit table that also carries its own protective cover. Teak planking extends throughout the cockpit and includes a teak step Mosing upgrade, while generous storage compartments beneath every seat and thoughtfully placed cockpit lighting preserve order and create a refined evening atmosphere. Entertaining is effortless at the fully equipped wet bar, complete with an icemaker, electric BBQ, sink and cleverly integrated storage, and the onboard soundscape is enhanced by upgraded JL Audio speakers driven by a booster amplifier for full, open-air audio performance. Practical systems are discreetly yet accessibly located, with emergency bilge pump controls and engine shut-down within easy reach and an engine room access hatch for straightforward servicing, and a custom boarding ladder that can be mounted securely to either the port or starboard side completes a cockpit designed for comfortable, confident cruising.

Bow

Forward, a sumptuous cushion clad in a tailored protective cover and equipped with an adjustable headrest invites unhurried lounging, while a stainless steel Ultra Anchor on an all chain rode stands ready to secure the yacht and is managed effortlessly by a windlass with convenient foot controls. A stainless steel welded bow rail provides confident protection along the foredeck, accompanied by a custom welded burgee pole at the bow that imparts a refined nautical flourish. When the vessel is at rest, a dedicated windshield cover together with mesh covers for the windows preserve visibility and finishes, offering clean, UV-shielding protection.

Salon

Flooded with daylight through a large full-beam sun-roof with blinds and framed by sliding glass entry doors, the salon presents a refined fusion of contemporary design and considered comfort. Satin-finish walnut cabinetry paired with solid walnut flooring creates a warm, elegant foundation, while mini-blinds and V Kool ceramic film on all salon glass let you precisely manage light and privacy. A spacious U-shaped settee invites relaxed entertaining around an electrically powered hi/lo triple-convertible table, accompanied by a streamlined credenza that provides dedicated bottle and glass storage and a convenient refrigerator. The entertainment package is immersive, featuring a Harman Kardon AM/FM stereo and a Harman Kardon 2.1 Blu-ray system driving KEF speakers, centered on a 40-inch flat-screen TV that rises smoothly on an electric lift. Reverse-cycle marine air conditioning ensures comfort year-round, dimmer switches allow subtle control of the overhead lighting, and a thoughtfully positioned helm station keeps command nearby without disturbing the room's serene atmosphere.

Helm & electronics

The helm presents a refined, commanding station with two leather helm seats and exceptional sightlines, flanked by electric-opening side windows to port and starboard and fitted with tilt steering for individualized comfort. Every control is sensibly positioned, from the Volvo binnacle to bow thruster and trim tab controls, windlass and spotlight switches, and a Volvo digital engine display, while Volvo DPS with the Skyhook feature and joystick controls with Skyhook DPS provide pinpoint station-keeping and effortless handling.

Navigation and communications are comprehensively specified with a Garmin 8616 XSV color GPS plotter/radar, a Garmin 4 kW HD open-array radar painted to match the domes and hardtop, Garmin digital depth, a Garmin autopilot with GMI 20 and a Garmin VHF 300 handset radio. Connectivity and onboard entertainment are equally well catered for with a SAT-TV system whose domes are painted to match the hardtop, a Wave WiFi Rogue Pro DB Wi-Fi booster, Sirius radio, and the reassuring presence of a traditional compass.

Galley

The galley is finished with Vonite countertops in Grey Horizon laid above a warm hardwood floor, while generous opening portlights fitted with mini blinds draw in natural light and provide privacy on demand. Meal preparation is effortless thanks to a three-burner cooktop and a combination microwave/convection oven, supported by a full-size refrigerator with a separate freezer and dedicated storage drawers to organize provisions. A large stainless steel sink with garbage disposal eases clean-up, a vent fan preserves fresh airflow, and a 110-volt GFCI receptacle offers safe, convenient power. Ample storage throughout keeps cookware and supplies neatly stowed, and the space is elevated with Princess cutlery in a six-place setting, Princess China in a six-place setting, and Princess glasses comprising six wine and six

tumblers.

Dinette area

The dinette welcomes you with a versatile table on telescopic legs that lowers to form a comfortable lounge when fitted with the in-fill cushion. Two large opening portlights bathe the space in natural light and fresh air, while discreet mini blinds offer effortless privacy and control of glare. A 32-inch LED television with an accompanying DVD player provides onboard entertainment, and satin-finished walnut cabinetry lends a warm, refined atmosphere. Upper storage cabinets and abundant space beneath the dinette seats keep necessities neatly stowed, carpet covers protect the flooring when preferred, dimmer switches allow precise adjustment of the overhead lighting, and an integrated central vacuum simplifies routine cleaning.

Guest head

Accessed directly from both the guest stateroom and the salon, the guest head is thoughtfully arranged to balance convenience with comfort. A generously proportioned, separate shower provides a spa-like sanctuary, while a vanity with ample storage, Carrara white countertops and Koko white flooring elevate the interior with refined elegance. A vessel-style vanity sink and a built-in medicine cabinet enhance everyday functionality, and a 110-volt GFCI outlet together with a vent fan deliver essential safety and ventilation. The composition is completed by two towel bars that keep linens conveniently and tastefully close at hand.

VIP stateroom

The VIP stateroom is appointed with a convertible scissor berth that easily

transforms into a full-size bed or separates into two single berths, accompanied by a luxurious pillow package for enhanced comfort. Entertainment is provided by a 28-inch LED television with DVD player and a Fusion stereo offering AM/FM/CD functionality, while practical storage is handled by four drawers and a roomy hanging locker. An overhead deck hatch and two opening portlights invite natural light and fresh air, with mini blinds allowing for tailored privacy, and a dedicated privacy door completes the secluded feel. Rich walnut cabinetry finished in a satin sheen elevates the decor, and the inclusion of an en-suite head turns this cabin into a tranquil, private sanctuary.

Master head

Within the master head, refined appointments create a serene and functional environment, anchored by a spacious separate shower and a vanity that provides ample concealed storage, all set against Carrara white countertops and Koko white flooring. A vessel-style sink is complemented by a 110-volt GFCI outlet for effortless grooming, while the marine toilet is discreetly enclosed by a privacy door. A vent fan preserves a fresh atmosphere, a medicine cabinet offers orderly storage for essentials, and two additional towel bars complete this impeccably finished space.

Master stateroom

At the heart of the suite lies a queen berth with convenient storage beneath, complemented by a cozy love seat and a combination of drawers, storage lockers and hanging lockers that provide generous wardrobe capacity. Entertainment and ambiance are handled with a 32-inch LED TV with DVD player and a Fusion stereo, while a curated pillow package elevates the sleeping comfort. Expansive side windows fitted with mini blinds bathe the

room in natural light when desired, and the climate-controlled system offers both air-conditioning and heating for year-round comfort. Practical luxury is finished with side tables and a credenza fitted with drawers, all set against rich walnut cabinetry with a satin finish, and a privacy door completes the space for tranquil seclusion.

Electrical systems

The yacht's electrical architecture is built around a U.S. 120/240V, 60 Hz service, complemented by a robust 24-volt DC bus to ensure reliable onboard operation. Shore power is delivered with ease through a Glendenning cable master equipped with a 50-amp shore power cord, and a dedicated voltage stabilizer transformer maintains clean, steady supply for sensitive equipment. U.S.-standard outlets are installed throughout, with all circuits centrally managed by a neatly organized distribution panel. A comprehensive bonding system together with properly configured battery banks provides secure, dependable capacity for both engine starts and house loads, enhancing safety and prolonging system life.

Engine room

Beneath decks the engine room is laid out with precision and care, fitted with engine room blowers and an overhead storage compartment to keep equipment secure and accessible. Propulsion is delivered by twin Volvo IPS600 diesel engines, each rated at 435 HP and freshwater-cooled for sustained, dependable performance. Auxiliary power is supplied by a Cummins generator producing 13.5 kW, presently showing 596 hours of operation. Critical safety and service systems include three automatic/manual bilge pumps, an automatic/manual fire extinguisher system dedicated to the engine space, and an oil exchanger system. Filtration and environmental control are

comprehensive, with three Separ fuel filters, a freshwater filter, and dedicated air conditioner compressors ensuring clean fuel delivery and precise climate management.

Disclaimer

The particulars of this yacht are presented in good faith; however, their accuracy cannot be guaranteed and no warranty is made regarding the vessel's condition.
