OVERVIEW

A uniquely transformed 2020 Pardo 50 that presents and performs as if freshly launched, this yacht has undergone a comprehensive, top-to-bottom refit that elevates her beyond many newer luxury motor yachts and premium dayboats. Every surface has been re-envisioned with a full custom exterior and interior respray in a luminous metallic forest green, complemented throughout by bespoke tan upholstery and newly installed custom teak decking—workmanship on a scale and with a finish more commonly seen on much larger superyachts.

Under the striking new livery, the mechanical and operational pedigree is equally impressive: the Volvo engines received a full 1,000-hour service completed in summer 2026, delivering genuine turnkey confidence with no deferred maintenance. Privately captain-run and overseen by a professional yacht management program from delivery, she is maintained to exacting standards and presents cleaner and tighter than many later-model express cruisers and walkaround yachts. The refit scope also includes all-new soft goods, freshly laid teak flooring, a fully updated navigation electronics suite for intuitive helm operation, a gyro stabilizer for exceptional comfort underway and at anchor, and an included Williams tender to extend your days ashore. To fully appreciate the level of renewal and care, arrange a private viewing and experience this impeccably refitted Pardo 50 in person.
