OVERVIEW

Trades Considered and Financing Available

The 2023 Nor Tech 500 Sport is the distillation of the marque's quest for refinement, where blistering performance and meticulous craftsmanship coexist. At 50 feet and approximately 28,000 pounds, it pairs cutting edge systems with a sculpted hull form to deliver razor sharp handling and truly exhilarating velocity. Designed to accommodate both leisurely days on the water and adrenaline charged passages offshore, this luxury dayboat/sport yacht welcomes you with a broad, inviting bow and generous lounge seating throughout. Propulsion is courtesy of five Mercury Racing 450 V8s mated to SportMaster gearcases, bringing race bred thrust to this high performance center console and offshore powerboat. With a replacement value in excess of \$2.2 million, its authoritative profile and impeccable finish command attention at every approach.

Notable Upgrades

New generator installed

Fresh SeaDek throughout (07/2025)

DETAILED DESCRIPTION

Optional equipment

Thoughtful refinements elevate life on board: a bar with a cold plate keeps refreshments perfectly chilled, while a brand-new Northern Lights diesel generator delivers quiet, reliable shipwide power. An additional A/C unit focused on the helm seat keeps the captain cool in any climate, and a stern thruster adds confident, fingertip control when docking. A telescoping dive ladder invites effortless access to the water, and an electric bow table rises at the touch to transform the foredeck into a social lounge.

Flooring

Sophisticated underfoot comfort comes courtesy of SeaDek in a teaked pattern with the bow table, specified in the distinctive Chap/White / Black colorway—easy on the eyes, grippy when wet, and effortlessly refined.

Audio

The JL Audio M6 Premium Sound System, Style SP in Top Grey and Gunnel White, anchors an immersive soundscape: one Fusion Apollo head unit, one USB/3.5 mm jack panel for mounting, one dual USB charging port, six M6 7.7" overhead speakers, two M6 8.8" gunwale speakers, two M6 10" subwoofers, one M800/8v2 8-channel Class D amplifier, and one M600 monoblock Class D subwoofer amplifier. In the bow, the JL Audio M6 Premium Sound System adds two M6 8.8" premium speakers, one M6 10" premium subwoofer, and one M500/3 3-channel Class D marine amplifier; aft, it continues with four M6 7.7" premium speakers and one M1000/5v2 5-channel Class D marine amplifier—crystal clarity and commanding bass from stem to stern.

Dash/electronic equipment

Command with confidence from a helm equipped for offshore clarity: a 22" GPS Garmin 8622 pairs with a 1 kW transducer for precise readouts, while a Black Oak LED 20" Marine Series curved light in black cuts through the night. Two Lumishore SMX-153 LED underwater lights add a luminous wake, an AutoPilot Garmin 20 Series eases long passages, a VHF radio keeps communications crisp, and a Garmin GMR XHD 24 radar (closed dome) paints the weather and traffic ahead with authority.

Engine and engine control/monitors

Purpose-built performance defines 500 Sport Open with quint Mercury Racing 450 V8 outboards fitted with Sportmaster gearcases, delivering relentless thrust and razor control. Mercury Zero Effort Controls put immediate response at your fingertips, complemented by the Mercury VesselView 7" system for real-time engine intelligence, and Mercury Zero Vessel Controls for seamless command. Fresh-water engine flush for the quint installation simplifies care after every run.

Seating

Comfort scales with your guest list thanks to a thoughtfully arranged second-row seating module, while a cooler seat installed beneath the second row keeps provisions and beverages at the perfect temperature without sacrificing deck space.

T-top options

Style meets shade with a T-top finished in an Accuride Black powder coat,

complemented by a SureShade power-retractable sun shade that extends at the press of a button to deliver cool, quiet shelter underway or at anchor.
