OVERVIEW

OLETA is a superbly equipped Prestige 520 Fly that marries elegant French styling with true Mediterranean cruising capability. Commissioned in July 2019 and showing low hours on her engines, she presents in excellent condition. Designed by Garroni in collaboration with JP Concepts and Prestige Engineering, this 520 Fly highlights the model's intelligent layout, an expansive flybridge and a private full-beam master suite—offering the comforts of a larger yacht within a readily handled 52-foot hull. Propelled by twin Volvo Penta IPS 600 pod drives, she delivers smooth, efficient passages and exceptional manoeuvrability, with joystick control stations at the main helm, on the flybridge and in the cockpit; Volvo's Dynamic Positioning System (DPS) further enhances control when docking or holding position. Below decks OLETA provides a three-cabin arrangement plus crew cabin that maintains clear separation between owner and guest areas, while the interior in Alpi Grey Oak complemented by Casamance Platine textiles feels bright and contemporary, aided by sweeping saloon glazing that floods the main deck with natural light. The generous flybridge is crafted for entertaining and extended cruising, featuring ample sunpads, a wet bar with grill, a sociable dining area and twin helm seats. Practical Mediterranean fitments include a hydraulic swim platform and a letterbox passerelle. Meticulously maintained, highly manoeuvrable and comprehensively specified, OLETA represents a turnkey Prestige 520 Fly with low hours and strong market appeal.
