OVERVIEW

Delivered by Cantiere del Pardo in 2023, M/Y Kayenne is a refined example of the GT 52 galley-down model, presented with tasteful enhancements that elevate her original design. Acquired by the current owner the same year, she has been thoughtfully modified, most notably by converting the former crew cabin into a snug double-bed "capsule" cabin, enabling comfortable accommodation for six guests. The main deck unfolds into a generous, welcoming saloon where a discreet pop-up TV complements two large sofas flanking the space, creating an inviting atmosphere for convivial gatherings. The dining area seats six with ease, and overall the yacht provides sleeping arrangements for six across three well-appointed cabins. Down on the lower deck sits a full-beam master suite, finished with an ensuite bathroom located forward at the bow; also on the lower deck is a twin cabin to starboard, complete with its own ensuite. The third cabin has been cleverly incorporated into the main salon in the space once occupied by the crew quarters, preserving both functionality and flow throughout the interior.

Underway she is propelled by twin Volvo IPS D8 engines, each rated at 600 HP and showing just 120 hours of use, delivering a smooth cruising speed of 22 knots and a maximum of 30 knots. M/Y Kayenne is equipped with a hydraulic bathing platform capable of handling a 3 m tender, a watermaker, gyroscopic stabilizers, an electric bimini and a sunroof, all combining to enhance comfort and versatility. Offered for sale in her current location, this yacht represents a rare and compelling opportunity for buyers seeking a turnkey vessel with exceptional features and styling.

DETAILED DESCRIPTION

Section name

Delivered by Cantiere del Pardo in 2023, the M/Y Kayenne is a stunning example of the GT 52 galley down model, showcasing a range of impressive upgrades and meticulous care. The current owner, who purchased the yacht in 2023, has invested thoughtfully in refinements, most notably transforming the crew cabin into a double bed "capsule" cabin, a modification that comfortably increases the sleeping capacity to accommodate up to six guests. The main deck of M/Y Kayenne features a spacious and inviting saloon designed for effortless socializing, with a pop-up TV and two long sofas facing one another to create a warm, sociable atmosphere, while the dining area is arranged to host six guests in comfort for memorable onboard meals. Accommodation is arranged for six guests across three well-appointed cabins, with a full-beam master cabin on the lower deck complete with an ensuite bathroom located toward the bow for privacy and serenity; the lower deck also houses a twin cabin on the starboard side with its own ensuite, and the third cabin has been cleverly integrated into the main salon where the crew cabin once stood. Powered by twin Volvo IPS D8 engines, each developing 600 HP and with only 120 hours of use, M/Y Kayenne cruises comfortably at 22 knots and can reach a maximum speed of 30 knots, while a long list of options — including a hydraulic platform capable of accommodating a 3-meter tender, a watermaker, a gyroscopic stabilizer, an electric bimini and a sunroof — ensures a luxurious, seamless yachting experience.
