# OVERVIEW

This Prestige 520 flybridge reads almost brand-new, thoughtfully appointed and offering exceptional value for discerning buyers in search of a contemporary, low-hour Navetta-style cruiser. Renowned for a bright, open salon bathed in natural light from expansive panoramic windows, it flows effortlessly to the aft cockpit and affords a generously scaled flybridge. The warm oak veneer paired with pale, sophisticated upholstery crafts a modern, impeccably maintained atmosphere, with images that convey a pristine, exquisitely finished interior throughout.

With only 156 hours on the twin Volvo Penta IPS 650s, the propulsion and systems are virtually in as-new condition.

Lying along Italy's Adriatic coast, this luxury motor yacht is available for private inspection and viewing.

# SPECIFICATIONS

## Basic Information

**Model Year:**
2025

**Country:**
Italy

**Year Built:**
2024

## Dimensions

**LOA:**
52' 0" (16.10 m)

**Max Draft:**
3' 5" (1.05 m)

**Beam:**
14' 0" (4.50 m)

## Speed, Capacities and Weight

**Cruise Speed:**
22 Knots (25.32 MPH)

**Water Capacity:**
169.07 Gallons

**Max Speed:**
26 Knots (29.92 MPH)

**Fuel Capacity:**
343.42 Gallons

# Accommodations

**Sleeps:**
6

**Crew Berths:**
1

**Crew Cabin:**
1

# Hull and Deck Information

**Hull Material:**
Fiberglass and Plastic Yachts

**Hull Designer:**
Prestige Engineering Dpt

**Deck Material:**
GRP

**Interior Designer:**

# DETAILED DESCRIPTION

## Machinery

Powered by twin Volvo Penta D6-IPS650 diesels, each delivering 480 hp and showing just 156 hours, the yacht traverses with the finesse of Volvo Penta IPS pod drives, Duoprop propellers, and joystick control for impeccably precise maneuvering. Electrical generation is provided by a single eleven-kilowatt Onan generator, complemented by shore power capability and a dual-voltage electrical framework of 24 V and 220 V, equipped with a battery charger and a 2 kW inverter. The vessel benefits from Lenco electric trim tabs and a Seakeeper NG6 gyroscopic stabilizer operating at fifty hertz to ensure stability. A bow thruster capable of 140 kgf with twin propellers enhances docking and station-keeping, while the steering system features Volvo Penta IPS joysticks, including two primary joysticks and a third maneuvering station in the cockpit, augmented by Volvo Assisted Docking and Volvo DPS virtual anchor functionality. The onboard head configuration includes two electric marine toilets with a 120-liter holding tank, and the fresh-water system is served by a pressurized autoclave and a boiler for hot water.

## Navigation systems

The vessel's radar ensemble centers on a Garmin Fantom 18X, paired with two magnetic compasses to ensure steadfast heading reference, while autopilot responsibilities are managed by a Garmin system seamlessly linked with the IPS. Vigilance both by day and night is enhanced by a Garmin GC200 day/night camera, and precise GPS positioning is provided by a Garmin unit interfaced with ship control and remote operations. Chart plotting is centralized across four twelve-inch Garmin multifunction displays, harmonized with a Volvo Penta interface for streamlined navigation.

## Galley & Laundry Equipment

The primary galley showcases premium, high-efficiency appliances, featuring a smooth glass-ceramic cooktop and a Miele microwave. Cold storage is expansive and intelligently arranged, with an interior fridge, a dedicated freezer, and an exterior cockpit refrigerator for convenient access.

## Optional equipments

ELECTRONIC NAVIGATION INSTRUMENTATION offers a discerning array crafted for assured, precise voyages, featuring AIS Garmin 800, dual compasses, four 12" multifunction displays, a Volvo Penta interface, two joysticks with an additional unit in the cockpit, Garmin autopilot for IPS, Garmin Fantom 18X radar, and two Garmin VHF radios.

TECHNICAL AND DECK EQUIPMENT unites comfort, control, and practicality with a Seakeeper NG6 50Hz gyroscopic stabilizer, Volvo Assisted Docking, Volvo DPS virtual anchor, a bow thruster rated at 140 kgf with twin propellers, Lenco electric trim tabs, a hydraulic tender-lift platform with tender chocks, a hydraulic telescopic gangway, a hard top, teak cockpit, a cockpit table with extensions, a folding salon table, an electric winch, and a deck wash pump.

# CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
