OVERVIEW

Built in 2021 and lying in Turkey, this 52-foot motor yacht presents a poised, contemporary silhouette designed for effortless Mediterranean cruising. Her confident proportions—an expansive 14-foot beam that delivers notable stability and generous interior volume, paired with a shallow draft just over four feet that grants access to secluded bays and fashionable harbors—announce a vessel equally at home in lively marinas and private anchorages.

Hull and decks are molded in a robust fiberglass composite, specified for structural strength, quiet running, and long-term durability. Propulsion comes from twin Volvo Penta engines arranged in a twin-screw layout, offering smooth acceleration, efficient passages, and remarkably precise low-speed control. With more than 620 gallons of fuel aboard, the yacht affords extended range for meaningful itineraries, while practical freshwater capacity supports relaxed coastal cruising and easy harbor-hopping without compromise.

Boarding reveals an inviting, refined interior where sunlit living spaces flow naturally from a sociable cockpit—ideal for leisurely lunches and sunset aperitifs—into a bright, contemporary salon set within panoramic sightlines. The tone is luxurious yet unforced, with premium finishes, considerate storage solutions, and an interior plan that encourages both convivial gatherings and quiet repose. Below decks, accommodations are laid out to indulge owners and guests alike, complemented by a well-equipped galley that keeps entertaining effortless whether the plan is a lively weekend afloat or a slow, restorative escape.

On deck, non-skid fiberglass surfaces and wide side passages inspire confidence when moving forward, while generous lounging areas maximize enjoyment of sunny days and crystalline anchorages. A broad swim platform at the stern simplifies water access and tender boarding, extending the yacht's

living space into an elegant, water-level terrace that enhances outdoor entertaining and seaside leisure.

The overall impression is of a yacht that feels impeccably current—conceived and built in 2021, engineered for the contemporary cruising lifestyle, and ready to enchant in the waters for which she was intended. For those seeking a refined 50-foot-class experience with authentic cruising range, dependable twin-engine Volvo Penta power, and a warm, luxurious onboard ambiance, this 52-foot motor yacht stands apart.

DETAILED DESCRIPTION

Windy SR52 for sale

Introducing the stunning 2021 Windy SR52, a remarkable day cruiser that seamlessly blends elegance with exhilarating performance. With an overall length of 16.03 meters, its sleek fiberglass deep V hull delivers a remarkably smooth, composed ride, inspiring confidence when slicing through chop or sprinting across open water. Twin Volvo Penta IPS 800 inboard engines provide a poised cruising speed of 40 knots and an impressive maximum of 46 knots, while joystick control makes close quarters maneuvering and docking effortlessly intuitive. Thoughtfully arranged interiors feature one cabin and one head, ensuring comfort and convenience for overnight escapes without sacrificing the yacht's dynamic spirit. The Windy SR52 is not merely a boat but an experience—luxury and high performance distilled into a singular, unforgettable day cruiser.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide.
