## OVERVIEW

---

A sleek 52-foot profile, muscular lines by Fulvio De Simoni, and an unmistakable Pershing interior signature come together in this 2008 performance motor yacht—crafted for those who prize speed, style, and effortless comfort. Moored in Turkey and perfectly poised for Aegean and Mediterranean escapes, she blends Italian design pedigree with engineering that inspires confidence at sea.

Twin MAN diesel engines deliver exhilarating performance, cruising smoothly at 26 knots and surging to 33 knots when the horizon calls. Her fast displacement hull rewards the helmsman with poise and precision, while a shallow draft—just over four feet—opens up secluded bays and tucked-away anchorages with ease. The composite fiberglass construction and fiberglass decks feel solid underfoot, pairing durability with a refined, modern finish.

Step aboard to find a light-filled salon conceived by Pershing's design team—an inviting space that balances elegance with practicality. Thoughtful proportions and a wide 13-foot beam create a sense of volume, inviting conversation, relaxation, and easy movement between interior and exterior living areas. Below, accommodations for up to six overnight guests are arranged for privacy and comfort, complemented by three well-appointed heads that elevate life on board. A separate crew cabin for two ensures discreet service and keeps the yacht running smoothly while you and your guests unwind.

Out on deck, generous lounging areas encourage sun-drenched afternoons and relaxed alfresco moments. From morning coffee under way to golden-hour aperitifs at anchor, the layout encourages effortless entertaining. With 634 gallons of fuel and 132 gallons of fresh water, she is as capable for spirited day cruising as she is for long weekends exploring farther shores. Every detail speaks to a yachting experience that is both exhilarating and

refined: the hum of MAN power at the push of the throttles, the composed ride of a true fast displacement hull, and interiors that reflect Pershing's signature blend of craftsmanship and contemporary flair. Equal parts sport yacht and express cruiser, she is the ideal companion for owners seeking a luxury yacht that balances performance with poise.

## DETAILED DESCRIPTION

---

### Bow & stern

---

Twin bow and stern thrusters deliver poised, fingertip control for confident low speed handling, making docking and tight quarters maneuvers smooth and unhurried. With responsive lateral authority, you can ease the yacht sideways, counter crosswinds, and pivot precisely on the spot, preserving composure for hull and crew from busy marinas to secluded coves.

### Audio & visual equipment

---

A seamlessly integrated exterior and interior sound system fills every social space with rich, balanced audio, from open decks to the refined ambiance of the salon. Discreetly installed speakers and intuitive controls let you set the mood underway or at anchor, delivering reliable connectivity for your favorite playlists and crisp, composed sound whether enjoyed alfresco or indoors.

### Engineer room

---

The engineer room is meticulously arranged for reliability and straightforward service access, featuring a generator for independent power, efficient A/C for climate control, a watermaker for extended autonomy, a heater for all season comfort, an inverter for seamless AC supply, and a dedicated rectifier/charger to protect and replenish the battery banks. Clean routing, ventilation, and sound attenuation enhance comfort underway while keeping critical systems within easy reach.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
