OVERVIEW

The 2007 Sea Ray 52 Sedan Bridge is a refined flybridge motor yacht that pairs commanding performance with polished elegance. Measuring 52 feet overall and constructed in durable fiberglass, her lines deliver both structural integrity and graceful motion through the sea. Twin Caterpillar C9 diesel engines, each producing 565 horsepower, provide confident, responsive propulsion for spirited cruising. The interior features three beautifully finished cabins and two heads, offering ample private accommodation for family or guests. Equally suited to lively entertaining and tranquil retreats, this yacht combines generous social areas with composed, stable handling underway. With just 1008 engine hours, this carefully maintained pre-owned vessel stands ready to provide exceptional days on the water, blending style, performance, and serenity.

DETAILED DESCRIPTION

Electronics

A fully integrated navigation hub at the helm presides over an elegant ensemble of electronics engineered for assured voyaging. High-resolution radar, GPS positioning and a dependable compass work together to furnish precise situational awareness, while an advanced autopilot steadies the vessel and conserves energy on extended passages. Communications remain uncompromised with a reliable VHF and a powerful radio system, and leisure is catered to by a sumptuous entertainment package: a television along with DVD and CD players, all routed through cockpit speakers that deliver rich, immersive sound across the deck.

Electrical equipment

A substantial shore power inlet provides seamless dockside connection, delivering quiet, efficient electricity while alongside the pier, complemented by an onboard generator that furnishes reliable, independent power when you depart the marina, ensuring all vital systems and onboard comforts remain fully operational throughout your cruise.

Outside equipment/extras

Designed for exceptional outdoor living, this yacht is appointed with flybridge air conditioning to keep both the helm and lounge comfortably cool, while luxurious cockpit cushions and a thoughtfully placed cockpit shower ensure ease and refreshment after every swim. A sturdy swimming ladder offers effortless access to the water, and an electric windlass with fingertip control simplifies anchoring. Below the waterline a fresh application of bottom paint

enhances protection and performance, augmented by drooled seals for added reliability, and striking underwater lights that turn nights at anchor into a luminous display.

Generator

Registering 821 hours on its service log, the onboard generator supplies steadfast auxiliary power to the yacht's essential systems, assuring uninterrupted comfort and effortless convenience whether quietly at anchor or cruising underway.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
