DETAILED DESCRIPTION

Description

Launched in 2024, this PARDO Yachts 50 marries contemporary Italian styling with assured performance, propelled by twin Volvo IPS 800 units each rated at 600 hp and showing just 152 hours, with all servicing current and the yacht available for immediate delivery. Her specification is exceptionally comprehensive: a hydraulic retractable passerelle facilitates effortless boarding while a hydraulic swim platform with integrated folding ladder and retractable cleats is prepared to accept a tender or jet ski, supported by a dedicated locker configured for a Williams 285. Foredeck stowage is secure and practical, complemented by a removable carbon bow table and bespoke Silvertex exterior upholstery in Ice Beige and Ice Cream that lend an understated, refined palette to the exterior. Shade is provided by removable forward and aft sun awnings and an electric bimini elegantly housed within the T-Top, with LED illumination throughout the T-Top, deck and walkways and underwater lights that create a magical ambiance at anchor. Alfresco entertaining is effortless thanks to an exterior galley fitted with a two-burner 220V induction hob, twin refrigerators hidden in the aft bench, an ice maker and a premium coffee machine, and the cockpit is protected by a full set of covers for seats, aft sunpad and console, while a Guzzini tableware service for six completes the dining experience. Anchoring is simplified with an electric windlass equipped with a video camera and chain counter, and the inventory includes eight fenders, mooring lines and a stainless steel aft gate to streamline every arrival and departure. Accommodation is flexible and serene, with a guest cabin, a separation bulkhead and a skipper cabin providing adaptable arrangements, reversible air conditioning ensuring comfortable climate control year-round, and an owner's cabin appointed with a 32-inch LED

television and a premium entertainment pack for relaxed evenings aboard. Seamanship is enhanced by the Volvo Interceptor system delivering automatic trim, intuitive joystick control and cruise control, while an X19 gyroscopic stabilizer provides exceptional composure underway and at rest. Electrical autonomy and power management are robust, with a battery bank that includes two 140 Ah batteries, an 80 Ah charger and a 2,500 W inverter, backed by a 9 kW Kohler generator and a watermaker producing 100 liters per hour. Navigation and communications are comprehensive and user-friendly via two 16-inch Volvo Glass Cockpit displays, an onboard computer, Garmin 315i VHF, Garmin AIS-800 Rx/Tx and Volvo autopilot, giving confidence for short hops or extended family cruising. Privately used by the owner and presented in exceptional overall condition, the yacht benefits from a professional maintenance history and a complete service dossier; the twin-engine layout combines strong performance with efficiency, she is turnkey with no immediate expenditure anticipated, and the manufacturer's warranty remains valid until 2027, offering genuine peace of mind. Standing among the finest PARDO 50 examples currently on the market, she fuses style, advanced systems and careful refinement with an unusually extensive equipment list for the class—an opportunity not to be missed as the season approaches, with full manufacturer coverage through 2027 providing an assured foundation and a clear advantage for any discerning buyer seeking lasting value.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
