DETAILED DESCRIPTION

Navigation & communication equipment

Precision navigation is delivered by Furuno GPS, while the Raymarine Log-Speedometer ST60+ and Raymarine Depthsounder ST60+ provide instant speed-through-water and depth intelligence, and the Raymarine Autopilot ST6002 holds a steady course with authority.

Deck equipment

An electric hard top opens at the touch of a button as the cockpit stereos set the soundtrack; a dedicated cockpit fridge keeps refreshments perfectly chilled, complemented by a sink and an additional cockpit sink for effortless service, while a hydraulic garage swallows gear cleanly out of sight.

Ancillary equipment

Confident handling comes from the Bow Thruster and Stern Thruster, with Trim Tabs optimizing running attitude, and an Onan 11,5 KW generator (Generator hours: 1720h) supplying quiet, reliable power whether underway or at anchor.

Domestic equipment

The master cabin is appointed with an ensuite head (electric head), wardrobe, Bose speakers, and A/C. A twin cabin offers two single beds convertible to double (+wardrobe + A/C), while a second twin cabin features a Pullman (+wardrobe + A/C). A toilet with shower and electric head serves the guest spaces. The galley is equipped with a Panasonic Microwave and both a fridge

and refrigerator.
