OVERVIEW

2023 HCB 53 Suenos featuring Quad Mercury 600 HP outboard motors with under 300 hours, and a transferable engine warranty valid until 2029. This vessel stands out as a unique Fishing Yacht, boasting numerous enhancements throughout. Its striking Jet Stream Blue hull paired with tan and cream upholstery is sure to captivate onlookers. The four 600 HP engines, equipped with joystick control and a bow thruster, ensure exceptional maneuverability at the marina.

Unlike typical HCBs, which are often leisure yachts, this one was crafted by its original owner for serious FISHING adventures! It's primed for the Spring 2025 Bahamas Fishing Season, departing from Central to South Florida. With its impressive speed, it swiftly reaches prime fishing grounds and is well-prepared for targeting pelagic species like marlin, wahoo, tuna, dolphin, and sailfish, as well as bottom fishing. It's designed for extended stays, whether for a few weeks or the entire season, at destinations such as Baker's Bay or Chub Cay Resort.
