## OVERVIEW

---

A rare opportunity to own an HCB 53 Sueños that presents and performs like new yet is offered at a fraction of new-build cost. Recently completed comprehensive refit work has rendered this flagship center console truly turn-key: quad brand-new Mercury Verado V12 600s with zero hours and an unregistered warranty path, a whisper grey refinished hull, a new Seakeeper 5 carrying manufacturer coverage, and a newly installed generator. A custom flybridge style tower raises sightlines for tournament work and extended cruising, confirming this 53 as a standout bluewater performer in its class.

Conceived to function as a superyacht tender, offshore sportfish, or luxurious dayboat, the Sueños marries exhilarating performance with refined onboard comfort. Navigation is assured by a full Garmin electronics suite paired with FLIR night vision for confident passage making at any hour, while dual side dive doors provide effortless water access. Deck surfaces have been renewed in SeaDek for traction and comfort, and the cockpit is laid out for serious angling and entertaining alike, featuring dual-row helm seating, a forward lounge, and additional forward seating that quickly transforms from a social arrangement to a cruising settee.

Amenities aboard amplify the premium experience: leaning-post refrigeration keeps provisions chilled, a forward freezer box extends range for long weekends, and an extreme JL Audio package delivers immersive sound for every run. The walkaround design is thoughtful, fit and finish are meticulous, and the raw capability of quad V12 outboards combines with poised handling to create a rare synthesis of power and elegance—equally suited to offshore sport, slipping into an upscale marina, or serving as the ultimate performance tender.

Located in Coral Gables, FL, this HCB 53 Sueños stands apart as a singular opportunity within the large center console, sportfish, and express cruiser

categories.
