OVERVIEW

Carefully finished, this luxury motor yacht and express cruiser unites refined style with spirited capability. Seakeeper gyro stabilization calms each passage, twin generators supply dependable power, and a Blue Water Desalination Express XT600 modular system (220V, 25 GPH, 2023) extends autonomy offshore. Newly installed upper and lower Volvo Penta IPS drives on each side, fitted in August 2024, improve efficiency and deliver precise handling, while custom gray hull sides create a sleek, contemporary silhouette befitting a premier sport yacht and cruising yacht.
