# DETAILED DESCRIPTION

---

## Overview

---

Virtually brand new and meticulously kept, this Formula 500 SSC shows only 80 hours on her quad 600-hp V12 Mercury Verado outboards, having been used exclusively for relaxed intracoastal cruising. Fully optioned and truly turnkey, she is poised to deliver a seamless handover and an immediate upgrade to your time on the water. At fifty feet, the Formula 500 Super Sport Crossover is the definitive private escape for family and friends, blending a confident, commanding offshore ride with a level of luxury and amenities that redefine the open-bow experience. The signature wide-open, single-level bowrider layout invites effortless flow from station to station, encouraging easy movement and constant connection across the deck. From the enclosed coupe-top salon to the aft lounge bar, the 500 SSC embodies the evolution of the Formula SmartZone concept, integrating distinct social areas that work in harmony. Air-conditioned comfort, entertainment and innovation stretch from the full bow lounge forward to the expansive extended swim platform aft, while a full-width motorized glass salon bulkhead lets you fine-tune the mood—open for shared energy with the aft cockpit lounges and bar, or closed for serene, climate-controlled privacy. Below, the 500 SSC offers a true cabin experience that feels unmistakably residential. A complete galley awaits at the cabin entry stairs, balanced by a large convertible U-lounge forward that transforms to suit the moment. The head is finished with refined Corian surfaces, a vanity sink and a spacious shower for unhurried comfort. Slip aft to a separate stateroom featuring a queen-size berth, a sofa and a complete entertainment suite, creating a quiet retreat when the day winds down. Her proven, surefooted double-step FAS3Tech hull carries guests swiftly and securely, whether bound across the bay for dinner or setting out on

far-reaching offshore runs. The revolutionary all-new quad Mercury V12 600-horsepower Verado outboards deliver the authority, speed and confidence to widen your cruising horizon. With the 500 Super Sport Crossover, the possibilities are truly limitless.

## Features

---

Technology, control and entertainment converge at the helm with twin Raymarine Axiom2 XL24 displays anchoring a comprehensive suite that includes Raymarine AIS 700, Raymarine forward and aft cameras, Sirius Weather and US maps for informed navigation, plus an ACR remote searchlight for precise night operations. A Fusion stereo system energizes every moment through JL Audio speakers, while Starlink satellite internet keeps you connected offshore. The First Mate safety and theft deterrent system adds peace of mind, and underwater lights together with multicolor LED lighting throughout set an unforgettable mood from dusk to deep night. Performance and handling are equally refined, led by four Mercury Verado 600 outboards with Joystick piloting at both the helm and the aft station for fingertip precision. Mercury DTS with SmartCraft VesselView delivers instant, intelligent engine data, and a remote joystick with bow thruster control makes close-quarters maneuvering effortless. Comfort and utility abound throughout. Forward cabin seating welcomes conversation and relaxation, while the cabin floor in aged teak and white vinyl lends a contemporary, nautical warmth. Shore power at 120/240V supports every onboard amenity, including a salon beverage center that keeps refreshments close at hand. Practical touches include a holding tank with macerator and white speaker covers in the cockpit and salon for a crisp, integrated look, alongside stand-up paddleboard racks that keep adventure-ready gear secure and organized. Entertaining is effortless with a fixed aft cockpit table and an electric cockpit grill under a SureShade finished in elegant Midnight Blue, with cushion covers throughout

preserving the pristine presentation. Anchoring is simplified by an electric windlass with a digital chain counter, and stowable cockpit rails free up space when the party gets going. Ride quality stays composed thanks to a Seakeeper 9 gyro stabilizer, while an electric sunroof and cockpit air conditioning tailor the environment to the moment. Up front, electric adjustable bow tables adapt to dining or lounging with equal grace. Power management and creature comforts are comprehensive: a 16kW Kohler generator supports hotel loads, a 20-gallon hot water heater ensures long, luxurious showers, and a wine cooler keeps vintages at the perfect temperature. When it is time to turn in, retreat to a full-beam master featuring a queen-size bed, completing a specification that leaves nothing to wish for.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
