OVERVIEW

Step aboard INFINITY, a meticulously maintained 2020 Galeon 500 Fly, a fully equipped flybridge motor yacht fashioned for the consummate host. Effortlessly ready for cruising or entertaining, she captivates with Galeon's signature Beach Mode that unfurls the cockpit into an almost 20-foot waterside lounge, complemented by refreshed upholstery and full teak decking underfoot. Evenings are set aglow by 28 underwater lights and a constellation-style, starry-night LED headliner beneath the laminated hardtop, which itself features an electric soft insert; a hydraulic swim platform completes the waterfront experience. Whether presented as a luxury motor yacht, flybridge cruiser, or sport yacht, INFINITY invites confident passage and graceful hospitality at every turn.

Seakeeper 6 stabilizer for exceptional comfort at anchor and underway

Yacht Controller for effortless, stress-free docking from anywhere aboard

Bow thruster and stern thruster for precise, nimble maneuvering

28 underwater lights plus a starry-night LED ceiling for dramatic evening
ambiance

Upgraded sound system with 12 speakers and dual 8-channel amplifiers for
immersive audio

Siren security and monitoring system providing smart, dependable protection

Full teak decks throughout

Multicolor RGBW name lighting, with additional RGBW lighting in the cockpit,
flybridge, and salon controlled via the POCO system

DETAILED DESCRIPTION

Recent services + upgrades:

Meticulously maintained and primed for carefree cruising, this yacht has benefited from a comprehensive program of recent service and thoughtful enhancements, including a fully redone convertible top and approximately 80 percent of the upholstery refreshed, highlighted by a complete renewal in the saloon and new carpet covers for a crisp, refined finish; a comprehensive engine and generator service, turbos and heat exchangers included, was recently completed to restore confidence inspiring performance and reliability; critical systems were modernized with new sea cocks and the installation of six new batteries, while the last haul out in January 2025 delivered a professionally executed full bottom job; the black water tank has been replaced and integrated with a new sensor that reports directly to the Raymarine unit, and onboard life is faster and more connected thanks to added 5G internet service; warm teak has been recently sanded, sealed, and properly maintained to preserve its luster and longevity, and the Seakeeper6 gyro stabilizer was serviced in summer 2025 to ensure calm, comfortable passages.

Options

Curated with a designer's eye, the yacht's selections present Black Walnut in a lustrous high gloss and a Dark Walnut wood floor paired with standard window treatments and a serene white interior color scheme framed by a sophisticated white and mocha exterior palette, while an elegant master head interior shower mosaic underscores the attention to detail; the Upgraded Comfort Pack elevates every passage with a trip computer, a bow thruster with joystick, Cablemaster shore power handling, an entrance door curtain, a Raymarine

chartplotter, VHF RAU91 AIS, a precise autopilot, an electric sliding 40" LED TV in the saloon, and a 32" LED TV in the master, and the Upgraded Luxury Pack adds a wooden floor in the saloon dressed with fitted carpets, an electric grill and icemaker on the flybridge, a fiberglass cockpit table, and a hydraulic swim platform with chocks for tender handling; for unforgettable days at anchor the Beach Mode Package delivers foldable aft balconies, sliding openable aft side windows, a convertible bar area in the side cockpit, a stern thruster with joystick, a washer dryer in the master cabin corridor, a 24" LED TV in the bow cabin, and a BOSE sound system; individual upgrades further refine the experience, from a laminated hardtop on the flybridge with an electric soft roof and an additional Raymarine chartplotter to the Seakeeper6 gyro stabilizer and a Raymarine AXIOM 12 at the main station, complemented by covers for the fly steering console and fly sofa, fourteen additional underwater lights for a dramatic total of twenty eight including those beneath the Beach Mode balconies, an upgraded 48" Magnum open radar antenna, rear view and engine compartment cameras, satellite TV Raymarine ST45, a drawer fridge on the flybridge, brown fabric carried down to the helm, two bow speakers, a polished anchor, an added AC unit in the lazarette, a luminous square accent on the saloon ceiling, and a black water tank sensor integrated with the Raymarine unit to tie systems and comforts together.

Cockpit + stern

Step aboard through the lockable, three segment sliding saloon entrance door with its seamless, flush threshold and enter a self draining cockpit crafted for open air living, where teak underfoot sets a warm tone and an L shaped upholstered sofa invites lingering while subtle layers of indirect and overhead LED lighting trace the cockpit and stairs; thoughtful ergonomics appear in stainless steel handrails, molded stairs to the cockpit both port and starboard, and aluminum stairs to the flybridge with teak treads and a stainless steel

handrail, while practicality is everywhere with side storage lockers, an aft deck lazarette that provides engine room access, a dedicated engine room access hatch, and a stainless steel shore power inlet at 240V; entertainment and utility blend through two speakers, a fresh water hot and cold shower, and two stainless steel cleats, and the extended teak clad swim platform fitted with a collapsible three step stainless steel swim ladder—paired with the hydraulic platform option—welcomes tenders and toys with effortless grace.

Flybridge

The flybridge is a private terrace at sea, fully laid in teak and encircled by stainless steel handrails for secure, elegant passage, where the helm station places total command at your fingertips with a compass, cupholders, a doublewide helm seat, USB outlets, a 7" Volvo EVC panel, clearly marked switches, a fire system monitor, an engine ignition panel, trim tab control, dual lever control, the signature Galeon steering wheel, and a Fusion 12V AM/FM stereo with Bluetooth; a Dometic fridge drawer under the helm seat and a fiberglass arch with folding stainless steel radar mast, watertight plexiglass access hatch, and anchor/stern light underscore its seagoing pedigree, while indirect LED lighting, a 120V GFI outlet, and abundant lounge spaces—an aft C shape upholstered sofa with storage below and forward starboard opposing sofas also with storage—create a social haven enhanced by four JL Audio speakers, a forward sunpad with convertible backrest, and a fiberglass expandable table that adapts from aperitifs to lingering meals; the Venturi plexiglass wind deflector with rails softens the breeze, and the wetbar with a fiberglass sink and retractable faucet, refrigerator, and storage cabinet keeps refreshments close at hand.

Galley (aft)

Aft and central to the social flow, the galley is a refined culinary studio where a Kenyon 240V two burner induction cooktop and Samsung convection/microwave oven deliver swift, efficient cooking atop a polished Corian worktop with a raised serving shelf, while ventilation is assured by an overhead extractor fan and accent and overhead LED lighting set an inviting tone; power is close at hand via 120V GFI outlets, cold storage is abundant with a 240V under counter refrigerator with freezer complemented by a 240V drawer refrigerator, and a twin stainless steel sink with faucet supports effortless prep and cleanup, while generous storage cabinets and overhead cupboards organize every utensil and a starboard opposing sofa with a convertible backrest invites guests to linger nearby on the warmth of the wooden floor.

Saloon

Bathed in light and framed by panoramic views, the saloon pairs serene comfort with purposeful control, beginning with a carbon monoxide detector for safety and soft carpet flooring and carpeted corridor stairs with indirect LED spot lights to define a refined ambience; the main helm station integrates A/C vents, a compass, cupholders, a rotating doublewide helm seat with wood footrest, USB outlets, a Volvo 7" EVC panel, clearly labeled switches, a fire system monitor, an engine start panel with electronic key fobs, trim tab control, dual lever control, rudder indicator, high water, bilge and cabin alarms, the exclusive Galeon steering wheel, and synchronized twin windscreen wipers with front window washing and defroster outlets, while accent and overhead LED lighting complement the upgraded Starry Night skylight and 120V outlets add convenient power; social spaces are composed around a U shaped sofa with a wood dining table facing an opposing sofa for

easy conversation, panoramic electrically opening side windows to port and starboard invite the sea breeze, integrated speakers enrich the mood, and a dedicated storage cabinet keeps the space tidy and tranquil.

Master stateroom

A private sanctuary midships, the master stateroom balances indulgence with intelligent utility, guarded by a carbon monoxide detector and offering private access directly to the owner's head and shower, while a full length mirror facilitates effortless preparation; the queen size centerline bed features a polyurethane high resilience foam mattress, a tailored bed cover, and generous storage beneath, accompanied by a starboard dresser and an entry hall storage cabinet on carpet flooring, while the headboard's decorative panel with adjacent reading lamps, soft accent and overhead LED lighting, nightstands with storage port and starboard and convenient 120V outlets at each create a serene retreat, and to port a seat with vanity table, shelving and storage below invites unhurried moments, completed by a wardrobe with a lighted stainless steel rod; in the master head and shower comfort is comprehensive with an A/C vent and extractor fan, a Corian countertop with ceramic bowl and chrome faucet, molded fiberglass non slip flooring, overhead LED lighting, and a mirror, an opening tinted porthole with mosquito net for fresh air, storage cabinets and shelving, a toilet with electric pump and macerator, and a separate shower area with a hinged plexiglass door, Corian panel, chrome shower system with spray wand, storage cabinet, and Corian shower seat for spa like privacy every day.

Bow guest cabin

Flooded with natural light from the expansive foredeck skylight—complete with an opening rectangular hatch and manual blinds—the bow guest cabin

welcomes with quiet luxury and autonomy, protected by a carbon monoxide detector and offering private access to the guest head and shower; the queen size bed rests on soft carpet flooring and features a polyurethane high resilience foam mattress, a refined bed cover, and drawer storage below, while a decorative headboard with adjacent reading lamps, accent and overhead LED lighting, and 120V outlets to port and starboard adjacent to the bed heighten convenience, and overhead and bedside storage cabinets to both sides, a dedicated vanity, and wardrobes port and starboard with lighted stainless steel rods complete a guest suite designed for extended stays.

Starboard side guest cabin

Ideal for family or crew, the starboard side guest cabin offers twin size bunkbeds with polyurethane high resilience foam mattresses, tailored bed covers, and storage below, all set on carpet flooring for hushed comfort, while overhead LED lighting, 120V outlets, and focused reading lamps enhance practicality and a wardrobe with a lighted stainless steel rod keeps attire crisp and organized, with a carbon monoxide detector providing constant peace of mind.

Guest head & shower

Beautifully appointed and smartly separated for privacy, the guest head and shower balance form and function with an A/C vent and extractor fan to preserve clarity and comfort, bathroom accessories and a mirrored cabinet to keep essentials organized, a Corian countertop with ceramic bowl and chrome faucet resting above molded fiberglass non slip flooring and illuminated by overhead LED lighting, all supported by a 120V GFI outlet; fresh air flows through an opening tinted porthole with mosquito net and a dedicated storage cabinet adds convenience, while a separate toilet and shower area enclosed by

a hinged plexiglass door and finished with a Corian panel and chrome shower system with spray wand includes a toilet with electric pump and macerator for reliable, effortless operation.

Systems

Engineered for blue water confidence, the yacht's power and drive suite centers on Volvo Penta two D11 670 diesel engines delivering two 670 hp / 493 kW each, paired to V Drive transmissions for robust, predictable thrust, with bronze propellers spinning on stainless steel shafts and governed by an Electronic Vessel Control System, wet exhaust for quiet refinement, a hydraulic steering system for precision, a bronze rudder for durability, and hydraulic trim tabs with indicators to fine tune attitude; in the bilge safety and serviceability are paramount with an automatic/manual fire extinguishing system, two automatic electric bilge pumps backed by high water alarm bilge pumps, a common drain system, two extractor fans, efficient LED lighting, and comprehensive sound insulation; climate control is assured by a Condaria chilled water system rated at 69,000 BTU and powered at 240V, while electrical systems are split cleanly between DC 24V—batteries, a battery charger/converter, circuit breakers, and a DC main panel switchboard—and AC 240V, with shore power 240V/50A via a 50 ft cord, circuit breakers, and an Onan 15 kW diesel generator in a sound shield protected by zincs; the fuel system features two 316 stainless steel tanks with air releases, three fuel filters serving generator and engines, USCG Type A 1 fuel lines, fuel inlets to port and starboard, an electromagnetic fuel stop valve, and a manual fuel transfer system valve; fresh water is managed through a stainless steel tank with air releases, a stainless steel water inlet, a 24V water pump with filter, a 16 gal / 60 L water heater, a dockside/shore water connection, and a clear level indicator; the waste system is equally disciplined with an aluminum black water tank fitted with an odor filter, water level sensor, and air release, an electric waste

pump, a level indicator, and a stainless steel dockside pumpout fitting, delivering integrated, high spec systems engineered for enduring voyages.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
