DETAILED DESCRIPTION

Section name

The Galeon 500 Fly is an extraordinary yacht that distinguishes itself in its category through its innovative design and luxurious features. Celebrated for its award-winning style, this yacht combines expert craftsmanship with unique elements, making it a superb choice for any boating enthusiast. A key highlight is its clever "beach mode," which expands the cockpit width to an impressive 20 feet by lowering the coaming sides on both port and starboard, creating a generous space ideal for entertaining.

The bow area is thoughtfully designed with a spacious C-shaped seating configuration, offering ample room for relaxation and social gatherings. The expansive flybridge is outfitted with a wet bar, sunbathing decks, and a secondary helm station, enhancing both maneuverability and entertainment possibilities. A robust hydraulic swim platform is available, perfect for transporting various water sports equipment, catering to water activity lovers.

Inside, the main deck seamlessly integrates the saloon and cockpit areas with a level floor and sliding side windows. This layout facilitates easy serving of refreshments from the galley or setting up an outdoor bar to impress guests. The bright saloon interior features leisure and dining spaces, along with a practical helm station offering excellent visibility. The yacht is powered by strong Volvo engines in an inboard V-drive setup, paired with advanced electronics and navigation systems, ensuring comfort and reliability on every journey.

Below deck, the yacht provides three cabins and two bathrooms, accommodating up to six guests. The master cabin, situated midship, includes a double bed, a spacious wardrobe, and a private bathroom, offering a luxurious escape. Guests can enjoy the bow VIP cabin, which provides stunning

night views through multiple skylights. All living quarters offer standing height and natural light access, ensuring a welcoming and comfortable environment. The Galeon 500 Fly is equipped with a comprehensive array of electronics, such as a depthsounder, log-speedometer, repeater(s), navigation center, autopilot, compass, GPS, VHF, radar, TV, radio, and cockpit speakers. Inside, it features a Seakeeper, bow thruster, electric bilge pump, battery charger, air conditioning, hot water, fresh water maker, microwave oven, electric head, and refrigerator. Electrical systems include a shore power inlet, generator, and inverter. Externally, the yacht boasts a teak cockpit and a cockpit table, enhancing its charm.

In summary, the Galeon 500 Fly is designed to delight and captivate even the most discerning yacht enthusiast, providing an unforgettable experience for family and friends alike.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
