OVERVIEW

Formula's 500 Super Sport Crossover is the ultimate haven for carefree days on the water. This fifty-foot sanctuary welcomes family and friends, marrying a bold offshore hull with sumptuous comforts and refined finishes. Honoring the Formula Crossover lineage, the 500 SSC offers a broad, single-level bowrider layout for seamless flow from bow to stern — a bowrider dayboat that combines the appointments of a luxury Motor Yacht, an Express Cruiser and a Sport Cruiser.

DETAILED DESCRIPTION

General Description

The Formula 500 Super Sport Crossover is a fifty-foot invitation to escape, a wide-open, single-level bowrider that blends a commanding offshore ride with unprecedented amenities and luxury. From the enclosed coupe-top salon to the aft lounge bar, it is the very evolution of the Formula SmartZone concept: a seamless flow from the full bow lounge forward to the expansive, extended swim platform aft, with air-conditioned comfort, entertainment and innovation at every turn. A full-width, motorized glass salon bulkhead lets you fine-tune privacy or open connection with the aft cockpit lounges and bar, turning every moment aboard into shared, effortless pleasure. Underfoot, woodgrain vinyl decking runs throughout the full cockpit and the swim platform as standard, finished in Aged Teak with white lines for a timeless, low-maintenance elegance. Shade and protection come standard too, with a concealed SureShade electric power retractable sun shade in black, an all-weather Sunbrella/SeaMark bow and cockpit cover in black, and a black aft cockpit enclosure that extends the season in style. The coupe-top electronics are painted to match, while an aft cockpit table with power lift, a salon beverage center and dedicated stand-up paddleboard racks keep the social heart of the yacht ready for every occasion. Stay connected and in command with the TracPhone LTE-1 WiFi hotspot, then step back to admire the Full Hullside Flagship Graphic B in Black Onyx Metallic with Garnet Metallic accent—an unmistakable signature of performance and poise. Below, the 500 SSC delivers a true cabin experience and welcome respite from the world outside. A complete galley greets you at the cabin entry stairs, leading forward to a large convertible U lounge that shifts effortlessly from dining to movie night. The head features Corian surfacing, a vanity sink and a spacious shower for a

distinctly residential feel, while the private aft stateroom offers a queen-size berth, a sofa and a complete entertainment suite enhanced by the Satellite TV HD System TV3, 120v. It's quiet luxury designed for lingering. When it's time to run, the proven, surefooted, double-step FAS3Tech hull partners with the revolutionary all-new quad Mercury V12, 600 horsepower Verado outboards to deliver authoritative speed and effortless control. This package arrives in striking black with multi-color complete cowls and includes Joystick Piloting and a Mercury remote joystick for intuitive close-quarters handling, further complemented by a bow thruster. Navigate with confidence using the Raymarine 1,000w CHIRP transducer and Raymarine AIS650, gain critical situational awareness from the FLIR M364 thermal camera, and track changing conditions with the SiriusXM Satellite Weather Service Receiver. From dinner across the bay to far-flung offshore journeys, the horizons are limitless aboard your 500 Super Sport Crossover.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
