OVERVIEW

LOKI stands among the finest examples of the Prima 53 motor yacht. Carefully maintained and thoughtfully upgraded by a knowledgeable owner, she presents in exceptional, showroom-level condition that exceeds typical expectations. Combining traditional build integrity with contemporary comforts and practical design, LOKI delivers a degree of refinement seldom encountered in this class. Her accommodation layout features three staterooms and two heads, enhanced by a hand-selected suite of amenities and updates that elevate the onboard experience. Meticulously prepared and tastefully appointed, LOKI is a Prima 53 that warrants the attention of the most discerning buyers.

DETAILED DESCRIPTION

Overview

LOKI is widely regarded as one of the finest Prima 53s ever produced, cared for with meticulous attention and thoughtfully upgraded by a knowledgeable owner so she presents in a condition that surpasses new. Combining timeless craftsmanship with contemporary comforts and practical refinements, she exhibits a level of finish and sophistication rarely encountered in a yacht of this size. Her interior configuration offers three staterooms and two heads, thoughtfully enhanced by a suite of features and improvements designed to elevate both comfort and functionality for extended cruising. Exceptionally maintained and strikingly presented, LOKI is a standout Prima 53 that warrants serious consideration.

Salon

Awash in natural light, the salon presents refined elegance, defined by expansive curved glass doors that open to reveal exquisite custom marquetry, meticulously finished cabinetry and dramatic black onyx accents. A generous crescent sofa encourages relaxed conversation, while an artfully appointed bar and a state-of-the-art entertainment system lift every moment aboard. With an uninterrupted connection to the flybridge, the layout moves fluidly, creating the perfect setting for hosting guests or unwinding in absolute style.

Galley

Designed for effortless entertaining and extended voyages, the galley is centered around a three-burner Princess electric range paired with a GE Profile convection/microwave oven. Cold storage is abundant thanks to dual U-Line

refrigerators and a dedicated ice maker, while additional provisions are neatly accommodated in a generous pantry beneath the salon that features a U-Line freezer and a custom wine chiller.

Master stateroom

The master stateroom serves as a private sanctuary, centered around an expansive walk-around island queen berth with integrated under-bed storage. A private ensuite head accommodates a marine toilet, a refined vanity and a separate stall shower, while abundant storage is distributed throughout in the form of cedar-lined hanging lockers, built-in nightstands and deep cabinetry. Sweeping hull-side windows and opening ports bathe the cabin in natural light, and discreet overhead LED lighting provides a warm, inviting atmosphere.

VIP stateroom

The VIP stateroom is a calm, elegantly finished sanctuary centered on an island queen berth that can be reached from both sides for effortless comfort. Cleverly integrated storage solutions include two cedar-lined hanging lockers, overhead shelving and deep drawers discreetly built into the space beneath the berth, keeping personal items organized and readily accessible. Convenient access to the forward guest head adds a layer of privacy and practicality, while refined materials and a deliberately planned layout combine to create a welcoming, restful retreat for overnight stays.

Guest cabin

Situated on the starboard side, this elegant guest cabin presents two single berths arranged side by side with a central nightstand between them, ample under bed storage and a dedicated hanging locker. Nestled conveniently

adjacent to the shared guest/day head, it offers direct access to a well-appointed vanity, a marine toilet and a wet shower, making it equally ideal for serene overnight accommodations or relaxed daytime cruising.

Helm

The lower helm has been meticulously crafted to offer exceptional sightlines and an authoritative command station, fitted with a comprehensive array of Garmin and Raytheon navigation electronics, twin KVH Azimuth compasses and Standard Horizon VHF communications. Purpose-built for assured cruising, the helm marries precise, responsive control with the same elegant, refined design details that run throughout the yacht.

Flybridge

Perched above the waterline, this exquisitely finished private sanctuary offers sweeping panoramic vistas and provides an elevated setting for entertaining, alfresco dining, and serene cruising. Seamlessly linked to LOKI's refined interior, the flybridge fosters a fluid indoor-to-outdoor experience that is perfect for sunset cocktails, unhurried afternoons underway, and welcoming guests with effortless elegance.

Engine room

Maintained to the highest professional standards and laid out with exacting order, the engine room presents as immaculate—a direct reflection of the attentive stewardship LOKI has benefited from throughout her ownership. Discerning engineering, combined with generous, intelligently planned access to every mechanical system, instills confidence underway while making routine servicing efficient and straightforward.

Disclaimer

All particulars concerning this vessel have been provided in good faith; however, no representation or warranty is given as to the accuracy of the information or the present condition of the craft. Prospective buyers are respectfully urged to instruct their own agents or independent surveyors to verify any details they wish to have confirmed.
