## OVERVIEW

---

Experience an unforgettable summer aboard the striking Riviera 5000 Sport Yacht, a luxury motor yacht and express cruiser whose sculpted, head-turning lines promise presence wherever she glides. Twin 600hp Cummins engines provide a hushed, assured propulsion that settles into an effortless 24-knot cruise and can be coaxed to approximately 32 knots at full throttle, while the Zeus pod-drive system with aft-facing propellers transforms handling—making open-water passages serene and marina manoeuvres precise. Interior craftsmanship is revealed in warm timber veneers, supple leathers and contemporary appliances, arranged in a seamless single-level flow from the well-equipped galley and inviting saloon out to the generous cockpit. Entertaining is instinctive, with plush lounge seating, a BBQ, refrigeration and a capacious alfresco dining area designed for long, languid afternoons at anchor. Below decks, a sumptuous master cabin with ensuite is complemented by a welcoming VIP cabin and convertible berths in the saloon to accommodate guests. Additional refinements include a hydraulic swim platform, tender garage, electric sunroof, joystick docking and underwater lighting—features that underline her pedigree as both a premium sport yacht and a performance powerboat. Secure this immaculate Riviera 5000 before summer for an ideal coastal cruiser built for unforgettable days and starlit nights on the water.

## DETAILED DESCRIPTION

---

### 2011 Riviera 5000 sport yacht 'OHANA'

---

Proudly presented, the 2011 Riviera 5000 Sport Yacht 'OHANA' blends confidence, class, and that unmistakable Riviera design flair that defines the Sports line. Crafted for effortless, single level living and entertaining, she is the embodiment of the Australian lifestyle, inviting you to move seamlessly from sunlit mornings to golden evenings in rare comfort and style. Performance is assured by twin 600hp Cummins engines, delivering a sweet spot of around 24 knots for relaxed cruising and up to 32 knots at full speed when the horizon calls. The premium Zeus drive system, with rear facing props and a tunnel mounted design, smooths the ride and makes marina maneuvering intuitive and precise, complemented by joystick docking from the cockpit and the confidence of Sky Hook Satellite Navigation and an integrated autopilot system.

Step inside and you feel the difference: warm timber joinery, supple leathers, modern appliances, and a thoughtfully curated entertainment environment create a relaxed yet refined ambience. At the helm, electric helm chairs, a stainless steel rail, and a companion lounge underscore long range comfort, while a \$35,000 suite of Raymarine multifunction screen upgrades interfaces with triple transducers offering 3D mapping and side scanner options to 200m. Upgraded LED Smart TVs and a Fusion system with Bose seven speaker surround sound elevate every passage. An electric sunroof invites the sky in, and drawer style refrigeration in the galley makes provisioning both elegant and effortless.

The layout is made for hosting. The aft galley connects effortlessly with the saloon and the generous cockpit beyond, and when the sliding doors are open the whole space becomes one flowing social arena. Abundant lounge seating, a

large dining table, on hand refrigeration, and a BBQ set the tone for laid back gatherings, while the exterior table can convert into a day bed for languid afternoons. Protective care is comprehensive, with Breeze Way covers including winter covers throughout the cockpit and dedicated weather covers for the helm, plus clear carpet and canvas protective covers and additional winter covers for the cockpit lounges. Forward, a large sunbed ringed by stainless rails and shaded by a custom forward sun pad collapsible euro shade creates a safe, inviting sanctuary for sunset drinks.

Below deck, accommodations are generous and intelligently arranged. The forward master stateroom features a private ensuite, the aft VIP offers both a double and a single bed, and the lower lounge converts to additional berths, including a Pullman bunk. A second head and shower ensure overnighting remains easy, private, and comfortable for family and guests alike.

On deck, practicality meets pleasure. A hydraulic swim platform becomes your private beach, while a tender garage houses a Sirocco tender, launched and retrieved with a tender winch. A new anchor, polished stainless steel rails, and bait boards with custom rod holders add confidence and capability, and the underwater lighting suite includes three blue LED lights illuminating the stern/transom for an exquisite evening glow. An aft awning extends the shade, and the vessel is sold with a lily pad for effortless fun at anchor. A solar panel fitted to the roof continuously charges the house bank, quietly extending your independence on the water.

Meticulously maintained, this Riviera 5000 benefits from recent services including antifoul and a full engine service completed in May 2025. Sleek, stylish, and purpose built for entertaining and relaxed cruising, 'OHANA' delivers performance, practicality, and luxury in perfect balance. Arrange your private viewing today and experience an outstanding sport yacht that truly lives up to her name.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
