OVERVIEW

2017 Italian 54' motor yacht — a refined synthesis of performance, grace, and the sunlit spirit of the Mediterranean. Launched in 2017 and currently lying in Italy, this striking 54 foot vessel marries lively cruising capability with sophisticated comfort, inviting languid days at sea and tranquil evenings at anchor.

Her advanced fiberglass composite hull and molded fiberglass deck provide a composed, whisper quiet ride, offering the strength and smoothness discerning owners expect. A generous 14 ft beam yields exceptional interior volume and expansive exterior decks, while a shallow 4.43 ft draft grants access to hidden coves and intimate harbors inaccessible to deeper craft. Propulsion comes from twin Caterpillar diesels, delivering the dependable torque, refined power, and reassuring reliability that make coastal passages and harbor maneuvers equally effortless.

Outdoors, the layout celebrates open air living: a capacious aft cockpit is perfect for alfresco dining and sunset entertaining, broad side decks and foredeck lounges encourage leisurely sunning and social hours, and the overall profile balances sporty lines with liveaboard practicality. Within, the salon is bright and serene, flowing gracefully for conversation and relaxation. Elegant finishes, flowing joinery, and cleverly integrated storage reinforce a quietly luxurious Italian sensibility. The well equipped galley supports everything from casual breakfasts before a swim to sophisticated dinners for guests, and the private cabins are arranged to ensure restorative nights whether the plan is a weekend escape or an extended coastal cruise.

This 54' strikes an artful equilibrium—nimble and rewarding at the helm, indulgent and welcoming for guests—transforming routine cruising into a cultivated experience where the voyage itself is the pleasure and every harbor feels like home. Presenting beautifully and ready to delight, she is an inspired

choice for those seeking a modern, impeccably built Italian motor yacht with timeless style and enduring capability.
