OVERVIEW

Built around a high-performance GRP hull and superstructure, the Pershing 5X is engineered to deliver exhilarating speed, assured stability and razor-sharp handling. Its sleek, aerodynamic profile is matched by expansive open-air decks, a commodious cockpit, a generous foredeck sunpad and a seamlessly integrated swim platform, composing a sophisticated union of sport-yacht exhilaration and refined alfresco living.

DETAILED DESCRIPTION

Boat highlights

Presenting a 2023 Pershing 5X, this example offers a rare opportunity to own a recent embodiment of Pershing's unmistakable performance yacht pedigree, combining bold Italian styling, exhilarating speed and refined onboard living. At roughly 54 ft / 16.5 m overall, she inaugurates Pershing's "Generation X" line as the first hull in the series, reimagining the shipyard's performance DNA while retaining the signature character that has made the brand so desirable.

With approximately 1,315 engine hours, the yacht's standout attribute is the meticulous level of care she has received. Maintained to a high standard and presented in near new condition, she is supported by a thorough service history that prospective buyers may review, giving clear insight into her ownership and upkeep. For purchasers who value documented maintenance and appearance as much as recorded running hours, this Pershing 5X merits close consideration.

Her profile is unmistakably purposeful: a sleek coupé silhouette, aerodynamically sculpted superstructure and assertive exterior lines speak to the temperament of a true high performance grand tourer on water. Expansive hull windows raise the visual presence and flood the lower accommodation with natural light, producing a sporty yet sophisticated interior environment that is quintessentially Pershing. The contemporary Italian interior and exterior treatment balances performance, luxury and practical livability, reinforced by the brand's iconic performance oriented styling.

A defining feature of the 5X is the fluid relationship between salon and cockpit, which can either function as distinct areas or be transformed into a single expansive entertaining space. The innovative opening glass door and window

system enables the aft salon to open wide, erasing the line between inside and out and significantly enlarging the social area. When closed, the salon delivers the comfort and protection expected from a refined coupé; when opened, it becomes an airy indoor – outdoor living room ideal for relaxed entertaining. True to Pershing's legacy, this 5X emphasizes driving engagement and handling. A hull optimized for performance is paired with the comfort and refinement demanded of a modern luxury motor yacht, so that piloting and cruising are central to the ownership experience rather than merely a means of passage.

In short, this 2023 Pershing 5X combines a recent build year, exceptional maintenance, a documented service record and an outstanding presentation. With approximately 1,315 engine hours and a condition that reads almost new, she is a turn – key yacht ready for immediate enjoyment, offering the striking Pershing aesthetic, a performance – focused character, the versatile salon – cockpit arrangement and contemporary Italian interiors that suit both spirited cruising and elegant gatherings.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
