OVERVIEW

The 2001 Sea Ray Sundancer 540, known as "Showtime," is an arresting luxury motor yacht and express cruiser that blends refined elegance with athletic performance. Measuring an overall length of 57.67 feet, her fiberglass deep-V hull is engineered to slice through chop with assurance, delivering a steady, composed ride in a variety of conditions. Propulsion comes from twin CAT 3196 inboard diesels, each rated at 660 horsepower, paired to a direct-drive system that sharpens handling and provides precise helm control for confident cruising. Interior accommodations are arranged over two cabins and two heads, creating a serene private retreat ideal for hosting guests or escaping for a tranquil weekend. The layout centers on a full-beam owner's suite amidships with a queen berth and en-suite head, complemented by a forward VIP guest cabin, while the salon is bright and inviting with a large Ultraleather lounge that converts to a berth at the touch of a button, rich high-gloss cherry joinery, and a fully appointed galley. Outside, the cockpit is designed for gracious entertaining, with sweeping L-shaped seating encircling a table that easily converts into an expansive sun pad, and the vessel's polished styling and strong seakeeping make the Sea Ray Sundancer 540 a compelling sport yacht for those who desire effortless cruising with a spirited edge.
