OVERVIEW

Poised yet purposeful, this 2001 motor yacht extends 55 feet with a commanding 17-foot beam, delivering the volume and presence that discerning owners expect in a premium motor yacht. Constructed of fiberglass reinforced plastic with FRP decks, she offers long lasting strength while remaining weight aware, and her Modified V Hull imparts a composed, seakindly motion through varying seas. Located in the United States, she is ideal for effortless weekend escapes or measured coastal passages, her classic profile complemented by meticulous craftsmanship. Inside, the broad beam produces a bright, expansive salon perfect for intimate conversation, refined dining and relaxed evenings at anchor; accommodations are arranged to afford privacy and comfort to owner and guests, and two well appointed heads add a level of onboard convenience suited to extended stays. The galley is thoughtfully configured to support both everyday service and entertaining, marrying practical utility with carefully chosen, contemporary finishes. Powered by twin Caterpillar inboard diesels, she benefits from the dependable torque and diesel efficiency that have made the name synonymous with confidence at sea, while a 1,320 gallon fuel capacity and 200 gallons of freshwater provide generous range and autonomy. Elegant, resilient and versatile, this 55 foot motor yacht balances performance, comfort and style—equally at home welcoming friends at the dock or charting a refined course toward the next horizon.

DETAILED DESCRIPTION

Boat highlights

Listing remains in development; please call for further details. If you desire a classic Hatteras Convertible that combines formidable CAT power, a tournament-proven fishing layout, and an array of meaningful upgrades, this 2001 Hatteras 55 Convertible warrants your consideration. Named FRIENDSHIP, she is an authentic offshore sportfishing platform driven by twin 3412 CAT diesel engines, each producing 1,400 hp, and supported by a 21.5 kW Onan generator; both main engines and the genset received full servicing in April 2026 to ensure she is ready for the next passage. The electronics package is comprehensive, centered on Garmin navigation with two GPSMAP 7215 chartplotters and an AIS800 transceiver, complemented by Icom M506 and M330 VHF radios, a Simrad Robertson autopilot together with an RPU80 autopilot pump, and CAT electronic controls and displays. The cockpit is laid out for serious fishing, featuring a sole lazarette/fishbox equipped with a Jabsco macerator discharge and a highly functional tackle center, while accommodation includes three staterooms — including a forward stateroom — and a salon so elegant you might forget this is a sportfish, offering comfort for family and guests alike. FRIENDSHIP also benefits from an electric grill, underwater lighting, a Cablemaster, Garmin electronics throughout, and a well-appointed tuna tower with its own helm station. Recent cosmetic and mechanical attention is evident in hullsides, topside, and cockpit paint applied in 2018 and interior wall and ceiling liners installed in 2018. Hours on the mains are approximately 3,646 and the Onan generator shows approximately 4,600 hours. Additional conveniences include a WalVac central vacuum system and a Whirlpool trash compactor. This extensively updated Hatteras is fully equipped, primed to fish, and ready for cruising in equal measure. Photos in

the ad were taken in July 2023; updated images are forthcoming. We will consider trades — call today to schedule a showing and to discuss options.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
