OVERVIEW

Powered by five Mercury Racing 450R outboards, the BS 160 unleashes formidable thrust, marrying pulse-quickenning speed with exceptional sea-keeping so she performs with true high-performance luxury RIB and sport cruiser credentials in every condition. Her character is as much about exhilaration as it is about refinement.

Designed for conviviality, the open-plan layout easily accommodates 25–30 guests, making her equally suited to elegant gatherings or secluded escapes. Forward, an expansive teak dinette, a forward-facing settee and generous sunpads together seat 20+ in comfort, while electric windlass hatches and twin insulated ice chests keep refreshments at hand. A full bow sunshade extends effortless protection for all-day enjoyment, delivering the best of a premium dayboat or center console experience.

The helm is a study in advanced ergonomics, dressed in carbon-fiber panels and centered on a Mercury VesselView nine-inch display flanked by twin Garmin screens. Autopilot, radar, a joystick with Sky Hook, bow thruster and one-touch ignition for all engines combine to give captains of every level poised, intuitive command.

An upgraded audio system — four amplifiers, subwoofers and 18 speakers — fills the boat with concert-quality sound from bow to stern. Amidships, fold-out swim terraces to port and starboard with integrated ladders make entering and exiting the water effortless, reinforcing her role as a superb weekender and a capable superyacht tender.

Below decks, warm teak soles guide you to a serene queen berth beneath sliding shades over the skylight, accompanied by a full head with a separate shower. The practical galley is appointed with a sink, cold-plate cooler and stainless refrigerator, with straightforward access to the electrical systems for ease of operation.

Aft, a grand rear-facing lounge, oversized refrigerated drawers and a custom teak dinette beneath the carbon-fiber hardtop create a second social hub. The aft table lowers into a broad sunpad and a stern-facing chaise provides an additional layer of repose.

The BS 160 distills Novamarine's ethos of versatility and performance: safe, swift and shallow-draft capable for slipping into hidden coves. A standout in the powerboat category, she promises unforgettable journeys, boundless adventure and effortless, head-turning style wherever she roams.
