DETAILED DESCRIPTION

Introduction

MEL BELLE, a fifty-five-foot Hinckley Talaria 55 MKII from 2018, is offered for sale in Palm Beach, FL with an asking price of \$2,999,000. Recently completed through a comprehensive refit by Hinckley Yacht Services, she carries over \$1,000,000 in upgrades and custom options and presents in like-new condition, with reimagined interior layouts and state-of-the-art marine systems. Full specifications and further details are available upon request.

Core specifications and vessel overview

Built in 2018 by Hinckley Yachts, the Talaria 55 MKII is a motor yacht conceived as an intimate couples cruiser, drawn by designer Bruce King and presented in a striking Flag Blue Awlgrip finish. The vessel features Hinckley's DualGuard® Composite hull, which marries a Kevlar/E-glass outer skin to a Carbon Fiber inner skin to provide the strength, refinement and long-term durability the marque is known for. Currently lying in Palm Beach, Florida (FL), she is offered at \$2,999,000.

Propulsion, speed and mechanical systems

A pair of inboard Caterpillar C-18 ACERT common rail diesels supply the yacht's motive power, each unit producing 1,150 hp for a total installed output of 2,300 hp, with engine one recording 898 hours and engine two 904 hours. Propulsion is channeled through twin Hamilton waterjets and is finely managed by the Hinckley Jetstick control for precise, confident handling; she maintains a comfortable cruise at 34 knots (with an extended cruising profile at 32 knots), can reach a top speed of 39 knots and delivers a range in excess

of 430 nautical miles. Onboard comfort underway is enhanced by a Seakeeper 9 gyro-stabilizer, close-quarters maneuvering is assisted by a Sidepower hydraulic 25-hp bow thruster, and hotel power is provided by a Cummins/Onan 17 kW generator housed within a sound shield.

Accommodations and capacities

Meticulously conceived around a custom open arrangement, the lower salon unfolds into an inviting single-cabin configuration centered on a convertible dinette that effortlessly serves both refined day living and additional sleeping accommodations for guests. The private master retreat boasts a forward-facing berth topped with an HMC System Five mattress for superior rest, while two thoughtfully appointed heads elevate onboard comfort: the master head features dual sinks and a rain shower, and the guest head provides an ensuite shower. Long-range capability is assured by substantial tankage—1,200 gallons of fuel held in two 600-gallon tanks, 200 gallons of fresh water, a 100-gallon holding tank and an expanded gray water tank of 30–35 gallons—while practical luxury is completed by the onboard Splendide 2100 XC combination vented washer/dryer.

Key premium upgrades and electronics

All onboard systems are linked through a Starlink satellite internet installation with a dedicated onboard Wi-Fi router, creating a unified platform for both navigation and creature comforts. The helm is appointed with twin Garmin 8617 17-inch MFDs and an additional Garmin 8617 at the companion station, while long-range detection is provided by a Garmin GMR Fantom 4 Doppler Effect four-foot open array radar. Night and low-visibility operations are supported by a FLIR M400 stabilized dual-lens thermal night vision camera with integrated LED spotlight. Electrical distribution and load control are

handled by a C Zone digital switching system for streamlined AC/DC management. Entertainment is delivered via a Savant-based system across four zones driving three 40 inch Samsung Smart TVs, and global voice communications are ensured by a Sailor SC4000 Iridium satellite phone system with four handsets. The cockpit is appointed for refined alfresco dining with a custom teak table complemented by a Kenyon grille, a Vitrifrigo ice maker and refrigerator.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
