OVERVIEW

2026 56' Sueños GIX

Available now for prompt delivery

Driven by five Mercury V12 600s and steadied by a SeaKeeper 10

Step aboard a center-console yacht where avant-garde lines, raw power, and meticulous craftsmanship converge to create an experience for owners who demand the extraordinary. The 56' Sueños GIX sets a new benchmark in the Mega Center Console category, marrying sumptuous appointments with true bluewater capability so every voyage feels both exhilarating and impeccably refined.

This outboard-driven flagship shifts effortlessly between roles as a sophisticated dayboat, a serious offshore sportfishing platform, and a high-performance cruiser. The helm is a technological command suite, outfitted with upgraded 24-inch Garmin displays, an aft-facing Garmin screen, AIS, a six-foot radar array, and XM Weather integration, while JL Audio Luxe flush-mount speakers surround the cockpit in concert-hall quality sound.

Comfort and control are addressed with equal artistry: Release Marine triple helm chairs with teak ladder-backs furnish the command station, an air-conditioned helm combines with a secondary cockpit A/C unit to ensure onboard comfort, and tempered-glass aft wind protection maintains a calm environment underway. A power-deploying sunshade tucks neatly into the custom hardtop, gelcoated to perfection and color-matched to the engines for a cohesive, superyacht-caliber appearance.

Endurance and quiet operation are provided by a Fisher Panda 15 kW generator with water-separated exhaust paired to a dedicated 55-gallon diesel tank, while the five Mercury V12 600 outboards and SeaKeeper 10 gyro-stabilizer assure commanding performance and exceptional seakeeping.

Details such as a stainless steering wheel with a high-gloss teak rim and power knob, premium upholstery featuring Bentley or diamond-pattern stitching, and a stainless rub-rail accent complete the yacht's polished aesthetic.

Anglers will find purpose-built features everywhere: Gemlux outriggers, upgraded rod holders, and electric-reel outlets support serious fishing, and the cockpit layout centers on a transom seat flanked by dual 25-gallon baitwells with molded armrests and twin 38-quart cooler seats to port and starboard. An overhead rainfall shower rinses away the day's salt, then vivid underwater lights transform the evening around the hull.

Request the full build specification and schedule a private sea trial to discover why HCB continues to lead the mega center console, offshore fishing, and sportfish yacht segments. The 2026 HCB 56' Sueños GIX is more than a yacht—it is your passage to uncharted horizons and the pinnacle of luxury on the water.
