OVERVIEW

CAY LOU

CAY LOU is a well-presented 2003 NEPTUNUS Flybridge Motor Yacht measuring 56 feet LOA. Built in Canada with North American components that are straightforward to service and readily available, she offers practical ownership alongside refined finishes. Her high-gloss cherry interior shows beautifully, with three staterooms, two heads, a lower helm, and an open galley layout that suits comfortable cruising. With recent work completed, she is turnkey and ready to go.

DETAILED DESCRIPTION

Walkthrough

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht of 56 ft LOA. She accommodates three generous staterooms and two heads, and offers a lower helm station, an on deck galley and dining options forward of the galley or on the flybridge. The interior features high gloss cherry joinery, padded crème Ultraleather paneling and ultra suede fabrics with multiple relaxing areas and large cedar lined closets throughout.

The main deck, below deck and flybridge deck plan are characteristic of Neptunus designs, with space planning unique to the builder. From the aft deck—fitted with built in seating, a Hi Lo table and port and starboard side deck access—a centerline door leads into the salon at the same deck level. Salon seating is to port and starboard; the full galley is two steps up on the port side, with ample dinette seating forward of the galley to port and the lower helm to starboard. Curved steps just aft of the lower helm lead below to accommodations: the master is aft with an ensuite head, a twin lower berth guest cabin is forward to starboard, the VIP occupies the forward-most cabin, and the shared guest head is to port opposite the guest cabin.

She is turnkey and ready for overnight cruising with the following updates and equipment: both engines rebuilt (Fall of 2026, 50 hours); new Garmin 8416 MFD (6/24), Garmin radar (6/24) and Garmin AIS 800 (6/24); new Tides seals port and starboard (9/24); new alternators port and starboard (9/24); new engine mounts, both engines (9/24); rear main seals replaced, both engines (9/24); new ZF 325 transmissions port and starboard (9/24); new turbos port and starboard (9/25); hydraulic steering piston rebuilt (9/24); hydraulic lift hoses replaced and pump rebuilt (2/25); new cutlass bearings (2/25); new rudder sleeves (2/25); generator oil and fuel filters and impeller replaced

(4/26); new aftercoolers port and starboard (7/25); new 2 drawer refrigerator in galley (10/24) and new galley refrigerator (10/24); new icemaker (4/26); new flybridge refrigerator (11/25); new LG TV (10/24); new Permateek flooring in cockpit and flybridge (3/25); front pilot windows re bedded (3/25) and salon windows re sealed (3/25); new 104 lb Mantus anchor and new Mantus roller (3/25); new Fusion 3 zone stereo and Scar speakers (4/25); new Hi Low cockpit table (4/25); new discharge hoses (7/25); new 5 blade Veem props (7/25); new flybridge deck pad (8/25); new white Stamois and black mesh window screen (8/25); new blinds in salon (12/25); new SeaWater Pro 40 GPH water maker (1/26); new 600 AH Renogy lithium batteries (1/26); new Victron MultiPlus 3000 W charger/inverter (1/26); new Victron Orion DC/DC charger (1/26); new Victron Cerbo remote monitoring (1/26); new toilet boards, duckbills and macerators with Bluetooth controls (4/26); new 11 gallon water heater (10/24); new flybridge windshield panels (9/26); and above rub rail wax and polish (9/26).

Listed with Shestakov Yacht Sales.

Salon

The salon of CAY LOU (2003 NEPTUNUS Flybridge Motor Yacht, 56 ft) is entered through a curved “Trend” stainless steel sliding door with a sliding insect screen and lined silk drapery. The entire main deck presents two levels of accommodation with an open plan. To port, an L-shaped creme Ultraleather sofa with storage beneath the cushions sits beside an oval cherry and burl wood coffee table positioned in front. To starboard, a matching Ultraleather curved two-person settee with cherry arm rests and storage beneath the cushions accompanies the space. Just forward of that settee, a built-in 30” LG LED TV is set into a cherry countertop, while a cabinet above houses a Clarion AM/FM/CD/Sat radio.

The salon retains the Neptunus signature bi-level cabin side windows, each

fitted with new mini blind shades (12/25) and an upholstered panel between. Additional equipment includes Clarion stereo speakers, a Clarion subwoofer, a Walvac central vacuum unit and outlet, and digital Marine Air A/C controls. Lighting comprises seven LED mini spots on a dimmer and rope lighting behind the upper valance. The sole is carpeted.

Galley

The galley aboard CAY LOU (2003 NEPTUNUS Flybridge Motor Yacht, 56 ft) presents a full U-shaped layout along the port side, approached by moving forward and ascending two steps. The interior flooring features cherry plank, with Avonite countertops gracing the work surfaces. For food preparation and cleanup, the galley offers a double stainless steel undermount sink with a single-lever faucet and removable sprayer, a separate stainless steel soap dispenser, an InSinkErator disposal, an AEG four-burner Ceran-type cooktop with exhaust fan, and a Toshiba microwave oven concealed behind a cherry door. Refrigeration and freezing include a Dometic under-counter refrigerator replaced 10/24, a built-in small freezer to starboard, and two Isotherm under-counter stainless steel refrigerator drawers replaced 10/24. Lighting is provided by ten LED mini spots, and storage comprises eleven cherry cabinet doors and one cherry drawer. Portside windows are fitted with new mini blinds.

Dining Area

Elevated slightly above the galley on the port side and open to it, the dining area features a curved four-person settee that faces aft, offering an exceptional view through the expansive forward and side windows. A distinctive burl wood and cherry table folds in half for effortless entry and exit. The space includes a skylight to the lower companionway, a Marine Air digital

air conditioning control, and two directional halogen mini-spots positioned over the table; the sole is carpeted.

Name: CAY LOU. Builder: NEPTUNUS. Model: Flybridge Motor Yacht. Year built: 2003. LOA: 56 ft. Source: Canonical identity (overrides source). Shestakov Yacht Sales.

Lower Helm

The lower helm aboard CAY LOU, a 2003 NEPTUNUS Flybridge Motor Yacht of 56 ft, is located to starboard on the same level as the dinette and features an Ultraleather oversize helm bench with storage beneath. Five cherry cabinets beneath the helm provide additional storage and equipment access. Instrumentation and controls include two CAT LCD engine monitors, a Simrad AP20 autopilot, a Simrad 4" data screen, and a West Marine digital weather station. Steering and engine control equipment comprise a Dino tilt wood steering wheel, ZF electronic controls with synchronizer (new 9/24), Bennett trim tab controls, and Fireboy Halon override controls. There are three windshield wiper/washer controls (arms removed), an air horn control, four bilge pump switches with three bilge pump counters and alarm, a generator on indicator, defogger controls, a 5" Ritchie Power Damp magnetic compass, a red overhead navigation light, a 12V outlet and two stereo speakers. Just aft of the lower helm is a countertop with a top-access cabinet and an additional storage cabinet facing the galley. Shestakov Yacht Sales.

Companionway

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, LOA 56 ft. To starboard, opposite the galley, seven curved carpeted steps with LED step lights descend past a bookshelf and an opening stainless steel porthole located about halfway down. The yacht’s main electrical panel is positioned near the top of these

steps; the door to the panel has been removed for ease of access and is stored aboard for re installation as desired.

At a landing at the bottom of the steps is a Whirlpool Thin twin heavy duty washer dryer housed in a cedar lined locker behind cherry doors. Continuing forward are carpeted steps rising to the dining area above, illuminated by a skylight, with equipment access below the sole, cherry handrails, and LCD mini lights at the steps.

Master Stateroom

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft LOA. At the base of the companionway, an arched cherry doorway opens into the master cabin. A raised platform berth positioned off the port aft corner maximizes cabin floor space and includes two storage drawers with rope lighting beneath. Brass reading lamps flank the upholstered headboard set against a mirrored bulkhead. To port, cabinetry forms a nightstand with a drawer below, a two door cabinet above, and two opening stainless steel portholes with wool blinds; further forward is access to the ensuite head.

To starboard of the berth lies a nightstand with three drawers and an adjacent vanity area with one additional drawer, separated by a cherry cabinet. A large cedar lined closet with a light, hidden storage, a digital safe and a dressing mirror inside the door is located ahead, and the locker also houses all the battery inverter/chargers.

At the foot of the berth is a cabinet with a drawer and two doors below, and above it a custom TV cabinet with a 22" Westinghouse LCD TV built in facing the bed. Below the TV is a Clarion AM/FM/CD player. The cabin also includes Clarion stereo speakers, a CO detector and six overhead mini halogen lights, two of which are dedicated as reading lights. The sole is carpeted.

Master Head

CAY LOU, a 2003 NEPTUNUS Flybridge Motor Yacht, offers a private master head positioned two steps above the stateroom. The floor features marble tile, and the bow-front vanity cabinet accommodates an undermount sink set in an Avonite countertop. Above the vanity, four mirrored-front medicine cabinets grace the space, while beneath them an opening stainless-steel porthole fitted with Duette shades adds a touch of maritime charm. The toilet is a Raritan Atlantis model. The stall shower is equipped with a tempered door, both handheld and wall-mounted fixtures, a light, a fiddled shelf, and an exhaust fan. Abundant mirrors, three halogen mini spots, and a mirrored overhead ensure excellent illumination. Shestakov Yacht Sales

Starboard Guest Cabin

CAY LOU, a 2003 NEPTUNUS Flybridge Motor Yacht, LOA 56 ft, offers a starboard guest cabin situated forward, through the center companionway and up three steps. The cabin features twin lower berths separated by a three-drawer cherry nightstand; beneath each berth lie one large drawer and two small drawers. The outboard berth includes two opening stainless steel portholes with new mini blinds and five cherry cabinet doors above. At the foot of the outboard berth there is a cedar-lined hanging locker with an automatic light. A 15” LCD TV and a Clarion AM/FM/CD stereo face the berths. The cabin also provides a full-size dressing mirror, two reading lights, digital A/C controls, two Clarion stereo speakers, and rope accent lighting at the valance. The sole is carpeted, and a hinged access panel allows access to the back of the helm and the associated electronics.

Guest Head to Port

Across the companionway from the starboard guest cabin lies the guest head, accessible from both the centerline companionway and the VIP. The space features a marble tile sole and a bow-front vanity cabinet with an undermount sink set into an Avonite countertop. Above the vanity are three mirror-front medicine cabinets, and beneath them an opening stainless steel porthole fitted with Duette shades. The toilet is a Raritan Atlantis model. The stall shower showcases a tempered glass door, a handheld or wall-mounted fixture, a light, a soap dispenser, and an exhaust fan. Ample mirrors, including an overhead mirror, along with three halogen mini spots provide superb illumination.

VIP Cabin

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft. The forward section welcomes you into a spacious VIP cabin featuring a centerline queen-size berth with two drawers and rope lighting beneath. The forward bulkhead is mirrored with an upholstered headboard affixed to the mirror, while cherry countertops serve as nightstands to both port and starboard. In addition, there are seven cherry cabinet doors on the starboard side and six on the port side. Beneath each side, one opening stainless steel porthole with rope accent lighting sits behind the valance.

Aft to port lies the cabin's entrance to the guest head. To starboard, a cedar hanging locker with an automatic light adds convenience. The cherry vanity includes one drawer and a stool beneath the countertop; above it is a cabinet housing a 22" Vizio LED TV. Beneath the sole is access to the bow thruster. The cabin also features five halogen mini spots, two halogen reading lights, rope accent lighting, a Clarion AM/FM/CD player, a CO detector, two stereo speakers with volume control, a central vac outlet, and an opening round Bomar hatch

above for ventilation or escape. The sole is carpeted.

Listed by Shestakov Yacht Sales.

Foredeck

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, LOA 56 ft. The foredeck presents fiberglass non-skid decks and a new 104 lb galvanized Mantus plow-style anchor with 150' chain rode, deployed by a Lewmar anchor windlass with up & down foot switches. A new Mantus bow roller and stainless steel anchor chute, a hinged-access chain locker hatch, and a freshwater anchor washdown spigot with hose are fitted. Oversize welded stainless steel bow rails with stainless steel lifeline include port and starboard opening side gates in the bow rail with ladder inserts and dual spring line cleats port and starboard; a stainless burgee staff is installed. The deck equipment also includes three windshield wipers with washers, a forward hailer horn, international navigation lights, an ITT Jabsco searchlight, air horns, two custom stainless steel foredeck handrails, and Lucite drink holders at the bow cushion. A round Bomar deck hatch leads to the VIP. Stainless steel vertical boarding ladder mounts port and starboard stow in the lazarette. Dark tinted frameless cabin side windows and white vinyl sun cushions with blue piping and a black Stamoid cover are provided; a windshield cover in white Stamoid and black mesh and a spare black Textilene windshield cover were replaced 8/25. The front windshield was re-bedded in 3/23 and salon side windows were resealed in 3/25.

Aft Deck

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft loa. The aft deck features three Permateek synthetic teak steps to port and starboard down to the swim platform (new 3/25) and two hinged stainless steel gates at the platform stairs. A four-person aft bench seat is fitted with white and tan vinyl

cushions and a Stamoid cover, and a teak hi lo table with cover was installed (new 4/25). The Permateek synthetic teak sole was resealed in 2026. A removable hatch to service the engines was added (new 3/25). Three Permateek synthetic teak steps lead to the flybridge with a stainless steel handrail (new 3/25) and LED bullet lights at each step; two additional Permateek synthetic teak steps to the side decks, port and starboard, include LED step lights (new 3/25). Port and starboard coaming doors provide access to the stern cleats, each door fitted with two stainless steel fairleads. A PAR pressure regulated water inlet is located in the portside locker. The starboard side locker houses Glendinning cable master controls, a TV/telephone inlet, and hydraulic platform controls. An SSI hot and cold shower enclosure is installed to starboard. Two additional stainless steel stern cleats are mounted at the transom. A 750 lb. hydraulic fiberglass swim platform is provided for tender storage. Overhead lighting comprises three stainless steel trimmed halogen lights. A large storage locker below a hinged top sink cabinet is located to starboard. Stereo speakers with separate tweeters are fitted, with a Fusion stereo remote control on the aft deck for the flybridge stereo (1/25). An icemaker was installed under the flybridge stairs (new 4/26). A pop up centerline cleat is fitted at the fixed transom area.

Tender

CAY LOU carries a 2024 AB Mares 12-foot RIB featuring Hypalon tubes, powered by a 30 hp Honda outboard, with console steering, electric start, and a battery shut-off switch. The seating arrangement includes a double bench seat with storage beneath, a second double seat forward of the console with storage below, and a bow seat with storage beneath. Additional equipment comprises a bilge pump (pony), a 7-inch Garmin plotter/depth unit, a full black Sunbrella cover, and tender chocks.

Flybridge Deck

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft LOA. The flybridge features synthetic teak decks replaced 3/25 and a helm to starboard with a storage locker at the helm, storage under helm seats and a teak footrest. A unique sun lounge area forward of the helm includes new cushions (8/25) and a complete Stamoid cover. The tinted Venturi windscreen protects the area. A flybridge bar contains a stainless steel sink, an Isotherm refrigerator replaced 11/25 and a Miele electric BBQ grill, with a storage cabinet beneath the bar. J-shaped seating with removable cushions and storage below faces a varnished cocktail table. The helm is equipped with two helm chairs covered in Stamoid, a Sunbrella helm cover and a Stamoid wheel cover. Audio is provided by two Skar stereo speakers and two overhead Skar speakers with tweeters, all new 4/25. The flybridge has a fiberglass radar arch and an integral fiberglass hard top, four stainless overhead light fixtures, LED low level deck lighting, four-place rod storage overhead, and a four-sided enclosure with helm panel replaced 9/26.

Flybridge Helm Equipment

The flybridge helm aboard CAY LOU, a 2003 NEPTUNUS Flybridge Motor Yacht, features a CAT color engine monitor (new 2019) and a 16” Garmin touch screen GPS/plotter model 8416 (new 6/24). Steering and navigation aids include a Simrad AP20 autopilot remote head, a Raymarine ST 60 digital depth finder, an Icom 506 VHF with remote speaker, a Ritchie 5" PowerDamp Plus magnetic compass, and ITT Jabsco searchlight controls. Engine and propulsion controls comprise Bennett trim tab controls, ZF electronic engine controls with synchronizer (new 4/24), Vetus bow thruster controls, engine start/stop key switches, and a Fireboy engine shut down override control. Additional helm equipment includes two Wema fuel gauges, a “Dino” wood tilt steering wheel,

high water alarm for four stations, windlass remote controls, a 12V outlet, and a Fusion AM/FM/CD three-zone stereo Sirius ready with Sirius antenna (new 4/25). Communications and connectivity are enhanced by Starlink, added in 2026. Shestakov Yacht Sales.

Hardtop Equipment

CAY LOU, a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft loa, features a Glomex Terrestrial HD TV antenna installed on the arch, two VHF antennas, a Garmin 4’ open array antenna (new 6/24), a hailer horn, a navigation light mast, and Starlink antennas (new 2026).

Lazarette

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft LOA. Access to the lazarette and engine room is gained by lifting the center section of the aft deck seating, revealing a five-teak-tread stainless steel locker that leads to the lazarette, with the engine room immediately forward behind a hinged door. Within the lazarette, equipment and recent work include a timer for the waste discharge pump, AC fluorescent lighting, DC incandescent lighting, spare fenders and lines, a four-teak-step stainless steel boarding/swim ladder, rudder gear sheltered in a covered box, a GFCI outlet, access panels to the bilge below, a hydraulic power pack for the swim platform (pump rebuilt 2/25), new hoses for the hydraulic swim platform (2/23), a rebuilt Hynautic steering ram (2/24), new rudder bearings (2/25), and the lazarette sole repainted (10/26). Shestakov Yacht Sales.

Engine Room

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, LOA 56 ft. Both CAT 3406

engines were rebuilt in 2026 and have 50 hours. Each engine is fitted with a Racor 75/1000 HX fuel filter with vacuum gauge and an LG 1500 Algae X magnetic fuel conditioner. The yacht features two ZF V-Drive transmissions, installed September 2024 to replace twin disc models, and the rear main seals on both engines were replaced in September 2024. Strong Seal dripless shaft seals are installed with mounted spares. New turbos were fitted to both engines in September 2025. The propulsion system includes 2½" stainless steel shafts, new cutlass bearings installed February 2025, two new aftercoolers on the main engines installed July 2025, and new 5-blade Veem propellers installed July 2025 with two spare props carried aboard. Steering and maneuvering equipment comprises a 10 HP Vetus bow thruster and an engine-driven Teleflex Sea Star power steering system. A Reverso 5-point oil change system services the mains, generator, and transmissions. The yacht is equipped with a Dometic variable speed 48,000 BTU chiller (new 2019), a Rheem 20-gallon hot water heater, an Airsep crankcase ventilation system, water tank and waste tank electric gauges, two coolant recovery bottles for the main engines, and a coolant recovery bottle for the generator. The generator has a Racor 500 fuel filter. Groco 3" main engine intake strainers with ball valves are installed. Engine room lighting is AC fluorescent. Fresh water handling includes a Grundfos X 110V fresh water pump and a WellSaver expansion tank; a Sea Water Pro watermaker, 49 gph, was new January 2026. The waste system discharge hoses were replaced July 2025 and a Sanigard holding tank vent filter is fitted. Shaft brushes provide bonding. Access includes a door between the engine room and lazarette with a window. Fire protection is a 57 lb. Fireboy Halon fire controls system. The engine room has insulation behind perforated aluminum panels, two 240V engine room blowers, three fiberglass mufflers, hard coat wrapped exhaust risers, and three Rule 3700 bilge pumps. Fuel capacity is provided by two 413 gallon fuel tanks with site gauges.

Electrical

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft LOA. Electrical equipment includes a 17 kW Onan generator in a sound shield, with oil, filters and impellers replaced 4/26, and a 12V generator start battery replaced 1/26. Two 4D Gel Cell 12V batteries provide 24V engine starting plus power for the thruster and windlass, and two Renogy 300 all-lithium 12V batteries supply house service (new 1/26). A 220V 50 amp Glendinning cable master with 75' cord is stored in the starboard cleat locker, which also houses cable TV/telephone inlets. Charging and power-management equipment comprises a Charles Charger 24V 5000 series 30 amp charger for starting batteries; a Victron Energy MultiPlus-II 12V 3000 watt 120 amp charger/inverter (new 1/25); a Victron Energy OrionXs 12V 50 amp charger (new 1/25); and a Victron Energy inverter remote control at the main panel (new 1/25). Electrical isolation and protection include a Rex manufacturing 15 kVA isolation transformer, Newmar GI-50 galvanic isolators, three centralized GFCI breakers in the electrical locker, full bonding for electrolysis protection, and two battery shutoff switches. Monitoring is via LED DC and AC volt meters and LED DC and AC amp meters. The vessel has a Neptunus DC panel with 42 breaker-protected circuits with indicator lights, a Neptunus 110V panel with 20 breaker-protected circuits with indicator lights, and a Neptunus 220V panel with 8 double-pole breaker-protected circuits with indicator lights; centrally located GFCI outlets facilitate resetting. The port engine alternator is 24V with 60 amp output (new 9/24) and the starboard engine alternator is 12V with 105 amp output (new 9/24). A battery switch in the VIP stateroom cuts power to the bow thruster. With the gel batteries located out of the heat of the engine room, they typically last five to six years before replacement.

Remarks

CAY LOU is a 2003 NEPTUNUS Flybridge Motor Yacht, 56 ft LOA, crafted in Canada with a complete complement of North American components that are simple to service and readily available. She offers three staterooms and two heads, a lower helm station, and an open galley layout. Fresh engine rebuilds were completed in Fall 2026 by Smith & Wick Marine Diesel in Jupiter, Florida. The vessel has just been compounded and waxed from the rub rail up and is turnkey and ready to cruise. The actual LOA is 58 feet. Shestakov Yacht Sales.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
