OVERVIEW

The exquisite Princess F55 presents an exceptional opportunity to acquire a luxury motor yacht at an attractive price, a 2019-built vessel offered in impeccable condition and fitted with an array of highly desirable equipment. Her interior is finished in luminous Light Oak, the Saloon and Galley warmed by Timber Flooring, while the exterior is laid in Full Teak Decking that complements the graceful lines of the hull. Power comes from twin Volvo-Penta D13-800 engines, linked to a refined 3x joystick control system and supported by bow and stern thrusters with variable speed; the engines have run approximately 573 hours (as of Nov 2023). Onboard comfort and stability are assured by a Seakeeper NG9 gyro stabilizer, reversible air conditioning throughout including the crew cabin, and a substantial ONAN 17.5 kW generator. For ease of use and secure access the yacht features a hydraulic gangway, hydraulic bathing platform with a remote aft platform control (installed 2021), and a Bimini on the Flybridge. Recent 2023 works include high-speed antifouling and Propspeed, along with new service and engine batteries; an inverter for all sockets (2.5 kW) was installed in 2021. Long-range autonomy is supported by a Watermaker Evo producing 200 l/h, and the yacht is offered with a Highfield CL 340 Hypalon tender powered by a Honda 20HP outboard. EU VAT has been paid, and the craft has been carefully maintained to offer turnkey enjoyment in its current boat location—an ideal platform for unforgettable passages and coastal cruises.

3+1 Cabins

Twin Volvo-Penta D13-800 engines with 3x Joystick control

Approximately 573 engine hours (as of Nov 2023)
