OVERVIEW

Marrying Dutch build pedigree, genuine bluewater capability and contemporary refinement, the 2026 Vanquish VQ55 Veloce represents a rare opportunity to own one of the most strikingly sculpted and comprehensively appointed VQ55 examples to arrive in the United States. Finished in the sophisticated AWL Craft 2000 Otago Stone metallic hull shade—a color drawn from the celebrated Golden Eye specification—this performance-oriented open yacht and express cruiser blends superyacht-grade detailing with exhilarating offshore prowess, driven by a quintet of Mercury V12 outboards, each producing 600 HP.

DETAILED DESCRIPTION

Overview

The 2026 Vanquish VQ55 Veloce embodies Dutch naval artistry, true offshore capability, and contemporary luxury, presenting an exceptional chance to acquire one of the most bold-styled and comprehensively equipped examples delivered to the United States. The hull is presented in AWL Craft 2000 "Otago Stone" metallic, a finish drawn from the renowned "Golden Eye" specification, marrying superyacht-level fit and finish with adrenaline-inducing open-water performance generated by five Mercury 600HP V12 outboards. Under the carbon fiber T-top with tinted glass, the helm centerline features twin 22-inch Garmin displays alongside a dedicated Garmin cabin display, augmented by Skyhook Joystick Control for intuitive station-keeping and a FLIR night vision camera for assured low-light transits. On-deck comfort and seakeeping are addressed by a Seakeeper 9 Gyrostabilizer and the Humphree Auto Trim & List Interceptor System, while onboard indulgences include an electric sun awning, a water-mist cooling system beneath the hardtop, a JL Audio premium sound system and Starlink Maritime internet. Practical touches such as a hydraulic swim ladder and underwater hull lighting elevate life at anchor, and extended autonomy is provided by a Northern Lights 16kW generator.

Performance & engineering

Powering the VQ55 are five Mercury 600HP V12 outboards, a propulsion package that delivers extraordinary acceleration, true offshore capability and a supremely comfortable cruising experience. Integrated Skyhook positioning paired with an intuitive joystick provides effortless docking and precise station keeping, all without compromising the exhilarating performance for which Vanquish is renowned.

Broker remarks

The 2026 Vanquish VQ55 Veloce is a highly bespoke and comprehensively optioned demonstration of one of Europe's most exclusive yacht builders; it fuses superyacht-grade workmanship with bold, sculptural lines and outstanding performance. Finished to an elevated specification and crafted with the attention to detail found in much larger vessels, this VQ55 occupies a rarefied place among contemporary luxury performance yachts, offering a distinctive presence both in design and on the water.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
