DETAILED DESCRIPTION

Vessel highlights

Powered by twin Volvo IPS 950 – D11 engines with 365 hours and supported by an Onan generator, this yacht blends performance and poise with custom-painted hull sides and striking black-painted radar domes. A three-stateroom, two-head layout is complemented by air-conditioning in the aft crew quarters, while wood flooring runs throughout with soft carpeting in the staterooms and custom décor featuring white leather inlays. The navigation suite includes two Simrad sixteen-inch touchscreen GPS units with TV capability, a Simrad auto-pilot, FLIR night vision, KVH, and a Jabsco search light, with a bow thruster for effortless close-quarters control. Entertaining flows seamlessly thanks to a large electric sunroof and a sliding glass cockpit door with a draw-down mechanism at the seating, fully opening the space between the main salon and cockpit. The cockpit wet bar is appointed with a Kenyon BBQ electric grill, stainless sink, refrigerator, and icemaker/freezer. Teak decks with exterior step lighting set the tone underfoot, while a hydraulic swim platform and a large tender garage extend your reach on the water.

Upper salon

A generous U-shaped fabric sofa wraps the space, centered by an adjustable table that shifts effortlessly from coffee to dining height atop elegant wood flooring. Light and air pour in through the electric sunroof, while the sliding glass cockpit door with a draw-down mechanism at the seating fully opens the salon to the cockpit for breezy, social cruising. An electric pop-up TV rises at a touch, with a dedicated wine cooler and fridge storage nearby, plus beautifully arranged glassware and bottle cabinets. Overhead recessed lighting completes the ambiance with a warm, contemporary glow.

Lower salon

The lower salon invites relaxation with an L-shaped leather sofa concealing practical storage beneath and a foldable wood table that adapts to the occasion. A wall-mounted Samsung flatscreen TV anchors movie nights, while a window with an opening porthole brings in fresh sea air and natural light.

Galley

The galley is thoughtfully equipped with a four-burner stovetop, a Hansgrohe stainless steel sink, and a Sharp Carousel microwave oven, complemented by a refrigerator for provisions. Abundant overhead storage lockers include dedicated spaces for fine chinaware, while pantry drawers pair with two pull-out spice racks to keep ingredients beautifully organized. A discreet garbage can ensures a tidy working area.

Main helm station

Command comes naturally from two comfortable premium leather bucket helm chairs and a flip-down footstep that makes standing at the helm secure and effortless. Navigation is crystal clear on two Simrad NSS 16 eco2 sixteen-inch color multifunction touchscreen GPS displays, augmented by a Simrad QS80 auto-pilot, FLIR thermal night vision control, a compass, a Simrad VHF radio, and a Jabsco search light, with bow thruster controls at hand. A Fusion stereo head unit keeps the soundtrack tailored to the moment, while two A/C vents and two cup holders add comfort, and dedicated storage keeps charts neatly stowed.

Master stateroom

The master stateroom is a serene retreat, centered by a king-sized centerline berth flanked by nightstands and reading lights on both sides. Expansive windows flood the space with natural light, each side featuring an opening porthole to port and starboard. A large mirrored hanging locker provides elegant wardrobe space, while a pair of settee chairs with a table desk to starboard creates a refined private lounge. A mounted Samsung flatscreen TV, storage drawers and a SAFE to port, and direct access to the ensuite master head complete the sense of private luxury.

Master head

The ensuite master head features a full stand-up shower with a handheld wand and an overhead rain shower faucet, paired with a mirrored vanity offering generous storage. A sleek white sink with a stainless faucet sits above additional cabinetry, while a towel rack and a Dometic toilet complete this bright, spa-like space.

VIP stateroom

The VIP stateroom welcomes guests with a centerline queen berth and storage drawers beneath, illuminated by two reading lights. Entertainment is at hand via a Samsung flatscreen TV with Fusion head unit control, while an overhead hatch opens to the bow for fresh breezes. Side windows, each with opening portholes to port and starboard, and overhead locker cabinets to both sides enhance light and storage. Private access to the en-suite head/day head ensures comfort and discretion.

Guest stateroom

The guest stateroom offers versatile over/under single berths and a large mirrored hanging locker for smart storage. A Samsung flatscreen TV with a Fusion head unit and a focused reading light elevate comfort, while a window with blinds and an opening porthole balances privacy with natural air and light.

VIP/ guest head

Bright and refined, the VIP/guest head features a full stand-up shower with a Pura Vida shower wand and an overhead rain shower faucet. A Deca white sink with a stainless faucet pairs clean lines with durability, and a Dometic toilet completes the suite.

Cockpit

Designed for effortless socializing, the cockpit features wrap-around seating to port with storage beneath and a central teak table with a foldable top. The wet bar brings alfresco perfection with a Kenyon BBQ electric grill, stainless sink, refrigerator, and icemaker/freezer, while a Samsung flatscreen TV and Fusion head unit with speakers set the mood. A large aft sunbed invites lounging, complete with two cupholders on each side, and an electric shade awning extends over the cockpit and sunbed for cool comfort. Practical touches include a garbage can, elegant teak decks, an engine room access hatch discreetly set into the sole, and well-placed exterior lighting.

Hull & deck

The yacht's presence is unmistakable, with custom-painted hull sides extending above the rub rail and bespoke black and silver accents that catch

the eye. Black-painted radar domes crown the profile with purposeful drama.

Bow

Forward, a large sunpad with adjustable lounging invites quiet moments at anchor. Ground tackle is confidently handled by a Lewmar stainless steel anchor and winch, with chain housed neatly in an anchor locker. Dedicated storage hatches to port and starboard keep fenders secure, while a Fusion head unit and speakers bring the soundtrack to the foredeck.

Transom area

At the water's edge, a hydraulic swim platform with a swim ladder makes every dip effortless, while a large tender garage with a custom launch streamlines adventures ashore. A convenient shower, a flagpole holder with flagpole, exterior step lighting, and an electric shore power cord that retracts neatly out of the step showcase practical luxury.

Crew quarters

Private access through the transom leads to air-conditioned crew quarters with a full-size berth, head, sink, and ample storage, ensuring comfort and autonomy for professional operation.
