## OVERVIEW

---

1995 Viking 58 enclosed flybridge convertible presented in immaculate, turnkey condition — a low hour, luxury bluewater sportfisher that carries itself with the confidence of a much younger vessel. Single owner and meticulously maintained, she shows approximately 650 original hours on her MAN D2842LE402 1,200 HP diesel engines and is equipped with twin generators and a custom enclosed, climate controlled flybridge, delivering both robust tournament performance and refined onboard comfort.

A genuine convertible sportfish with the composure of an enclosed bridge yacht, she melds motor yacht amenities with offshore capability, making her equally at home chasing big game or slipping into long, elegant bluewater passages. Recent high end interior upgrades have elevated the living spaces, and the interior flooring has been fully replaced with marine grade composite wood. Some images may not reflect the final completion of that work, which finished in January 2026; the salon was completed in late 2025.

## DETAILED DESCRIPTION

---

### Interior upgrades

---

Purchased earlier this year in excellent running condition, this Viking 58 then received a comprehensive 2025 interior and luxury modernization that transforms life on board. A custom-refit galley and full-beam salon set the tone with new teak and cherry composite flooring underfoot, new upholstery throughout, and a fresh dinette. Updated cabinetry with smooth pull-out storage is paired with new solid-surface countertops, while real wood shades and new window panels warm the ambiance. In the staterooms, new bedding and a custom headboard add boutique-hotel comfort, and an ice maker producing 150 lb per day ensures effortless entertaining. It truly feels like a floating condo—with the power of a sportfish behind it. A suite of high-end stainless kitchen appliances underscores the upgrade: a full-size French-door refrigerator, a Bosch stainless dishwasher, a Wolf double-burner induction cooktop, and a Corsari toaster oven/broiler/air fryer give the galley the capability of a modern home. The thoughtful layout supports extended cruising and effortless hosting with 3 staterooms and 3 full bathrooms, anchored by a beautiful full-beam salon and galley that invite gathering. The master stateroom features a private head, the forward VIP stateroom also enjoys a private head, and a guest bunk cabin completes the accommodations. Vacuflush heads deliver reliable, clean operation for the entire ship's complement, making the arrangement equally comfortable for families, guests, or long trips.

### Fishing features

---

Purpose-built for anglers and comfort-seekers alike, this yacht carries a full tuna tower with controls and an enclosed, air-conditioned bridge with updated

electronics to extend the season and sharpen your edge offshore. Hydraulic triple-spreader outriggers and multiple custom rod holders set a tournament-ready spread in moments, while in-deck fish boxes, a transom door, and spare props keep you confident when the bite turns on. After lines come tight, a stainless-steel gas grill and the yacht's plush amenities make the cockpit just as inviting for a relaxed afternoon. Ready to fish hard—or savor a day on the water in total comfort.

## Electronics & navigation

---

Command comes effortlessly from the flybridge, where a Garmin multifunction display teams with a Furuno NavNet radar/plotter, a Simrad AP20 autopilot, and Interphase sonar to paint a complete picture of water and weather. Clear communication is ensured by an Icom VHF, while integrated depth, speed, and temperature sensors feed a vessel monitoring system with alarms for informed, confident decisions. Up in the tower, a Ritchie compass and an Icom M502 VHF provide redundancy and precision. For entertainment and connectivity offshore, the yacht carries KVH TracVision SAT TV and KVH TracPhone SAT communications, keeping you informed and in touch wherever the day leads.

## Interior accommodations

---

The salon welcomes you with fresh materials, brighter lighting, and an easy-living flow, anchored by an ice maker capable of producing 150 lb per day to keep glasses clinking and coolers topped off. New flooring, new upholstery, and carefully tuned lighting elevate the space from entry to aft settee. In the galley, culinary ambitions meet capable equipment: a Wolf induction cooktop, a large refrigerator/freezer, a dishwasher, and pull-out cabinetry make prep, service, and cleanup seamless, while an all-stainless suite of appliances speaks

to durability and style befitting long-range cruising and gracious entertaining.

## Engine and mechanical

---

Power comes from twin MAN D2842LE402 diesels delivering 1200 HP each, a proven 12 cylinder V configuration rated for 2300 RPM that marries authority with refinement. Analog hours show Port 641 and Starboard 624, testament to extremely light use. Thrust is transmitted through direct drive ZF BW165P2 gears, and fuel is polished by Racor 75/1000 filtration to keep the engines running clean and strong. Comfort systems match the propulsion's pedigree. A Dometic/CruisAir chilled water A/C system, with multiple compressors and air handlers, keeps the yacht cool and quiet. Freshwater is managed by a dedicated system with pumps and a water heater, while two Sea Recovery watermakers extend your autonomy far beyond the inlet. Robust electrical architecture underpins it all: two generators supply abundant onboard power; 50A/250V shore power with Glendinning reels streamlines connections at the dock; a Dolphin 24V charger and a Sentry 12V charger maintain house and start banks; and Odyssey AGM batteries deliver reliable, low maintenance energy reserves.

## Deck equipment

---

The cockpit is outfitted for action with hydraulic outriggers, a well-organized tackle center, rod holders set throughout, in-deck fish boxes to ice the day's catch, and a transom door that makes handling big fish straightforward and safe. Above, the full tuna tower with controls puts you on the bite with commanding visibility, supported by an Icom M502 VHF and a Ritchie compass for clear communication and course-true confidence. Forward, ground tackle is properly specified for secure nights on the hook with a 24V windlass, Fortress and Danforth anchors, and a chain rode sized for real-world conditions.

Handling the tender is simple thanks to an electro hydraulic davit and dedicated cradle, streamlining every launch and recovery.

## Hull deck and structure

---

Built on Viking's renowned fiberglass construction, the hull and deck exhibit the rigidity and quiet ride that define the marque. Maintained bottom paint keeps the running surface fair and efficient, while the overall condition reflects excellent structural integrity—a solid platform that turns miles into memories with reassuring composure.

## Mechanical

---

For complete peace of mind, a spring 2025 survey, sea trial, and engine oil analysis are available to serious buyers. The vessel is USCG documented, shows extremely low hours, presents spotlessly, and has been maintained with an open checkbook. She is turnkey and ready for immediate use.

## Disclaimer

---

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
