OVERVIEW

Melissa is a 2022 Silent 60 solar-electric power catamaran, presenting a rare chance to step directly into Silent's innovative world without enduring the usual multi-year wait for a custom build. Meticulously maintained by her current owner, who is upgrading to a larger Silent Yacht, Melissa offers the next owner a practically new Silent 60 finished and cared for to a high standard. Crafted for families, expeditioners, environmentally conscious cruisers and aficionados of the latest marine technology, this multihull artfully blends sustainable, solar-electric propulsion with long-range autonomy and sumptuous liveability. The result is a refined, efficient cruising platform that delivers true bluewater capability and an exceptionally quiet onboard experience that few yachts can rival.

DETAILED DESCRIPTION

Full description

A high-capacity solar array of 16.8 kW generates as much as 90 kWh of energy per day under optimal conditions, affording exceptional independence from shore power and a marked reduction in operating costs. Silent Yachts is at the forefront of the solar-electric catamaran market with an eco-conscious, self-sufficient multihull concept, and the Silent 60 is distinguished by its highly effective solar-electric architecture that both minimises environmental impact and delivers luxurious, serene, vibration-free cruising.

The propulsion system features twin 250 kW electric motors, supported by a Solar 145 kW V6 diesel generator and a 215 kWh lithium battery, while the photovoltaic installation is capable of contributing up to 90 kWh of energy per day and is also quoted as delivering up to 90 kW per day. On deck and below, the yacht is crafted for refined living: a fully retractable flybridge, four guest cabins plus one crew cabin, a comprehensively equipped galley, a Highfield 380 tender and synthetic teak throughout combine to create an exceptionally quiet, comfortable and self-reliant experience on the water.
